0:00:23

...At noon before the Congressional committee, to tell what I knew about activities which might lead to an attempt to set up a fascist dictatorship.

0:00:32

...the potential for the disastrous rise of misplaced power exists and will persist

0:00:38

...the very word "secrecy" is repugnant in a free and open society; and we are, as a People, currently and historically, opposed to secret societies, to secret oaths, and to secret proceedings.

0:00:53

...President Bush signed a formal agreement that will end the United States as we know it. And he took the step without approval from either the US Congress or the People of the United States.

0:01:04

The secret organizations of the world power elite are no longer secret.

0:01:10

...It's known as the "Builderburg Group". Could their objective be world domination?

0:01:17

I'm Jim Tucker. I've chased Builderburg for thirty years.

0:01:21

I'll never give up the chase.

0:01:25

Builderburg's plan for the whole world is nothing less than World Government.

0:01:32

I'm not comfortable with that at all. Who elected these guys to run the planet?

0:01:36

They are the elitists. They feel they can run the world for their own selfish interests..

0:01:45

Now we can see a new world coming into view.

0:01:48

...a world in which there is a very real prospect of a New World Order.

0:01:53

Bilderburg is making great progress towards a world government.

0:01:57

Only an educated and informed public can stop them in their tracks.

0:02:02

David Rockefeller admits in his own memoirs-

0:02:04

That he wants to destroy the United States.

0:02:07

HE'S A TRAITOR!!

0:02:09

It's good to be back at the Council on Foreign Relations

0:02:12

As Pete mentioned, I've been a member for a long time,

0:02:16

And was actually a Director for some period of time...

0:02:18

I never mentioned that when I was campaigning for re-election back home in Wyoming! (laughter)

0:02:23

Let us never tolerate outrageous conspiracy theories.

0:02:34

I need you to move off the property please.

0:02:36

Some shots were fired..

0:02:42

There's Bilderburgers right there..

0:02:47

The trans-Texas corridor is a vital part

0:02:49

Because here in Texas

0:02:50

we stop the New World Order

0:02:53

right here in Texas.

0:02:55

This thing started here.

0:02:58

And to save the country, we kill this damn thing here.

0:03:09

(newspaper) *To Make Race Perfect...Aid of Rockefeller and Carnegie..*

0:03:13

(newspaper) *Urged for a Better Race...*

0:03:20

There is a chance

0:03:22

For the President of the United States

0:03:23

To carry out a phrase his father used

0:03:25

And that is a New World Order.

0:03:30

Your New World Order will fall!

0:03:33

Humanity will defeat you!

0:03:36

The answer to 1984 is 1776!

0:03:41

ALEX JONES PRESENTS.

ENDGAME

0:03:51

BLUEPRINT FOR GLOBAL ENSLAVEMENT

0:03:59

In the near future

0:04:01

Earth is dominated by a powerful world government.

0:04:06

Once-free nations are slaves to the will

0:04:08

Of a tiny elite.

0:04:10

The dawn of a new Dark Age is upon mankind.

0:04:14

Countries are a thing of the past.

0:04:17

Every form of independence is under attack.

0:04:21

...with the family, and even the individual itself nearing extinction.

0:04:26

Close to 80% of the Earth's population has been eliminated.

0:04:32

Remnants of humanity are forced to live within highly-controlled

0:04:37

Compact prison-like cities.

0:04:39

Travel is highly restricted.

0:04:42

Superhighways connect the mega-cities

0:04:46

And keep the population from entering into unauthorized zones.

0:04:49

No human activity is private.

0:04:53

AI supercomputers chronicle and categorize every action.

0:04:57

A prison-planet dominated by a ruthless gang of control-freaks.

0:05:02

Whose power can never be challenged.

0:05:04

This is the vision of the global elite

0:05:07

Their goal - a program of total dehumanization.

0:05:11

The science of tyranny is law.

0:05:14

A world-wide control grid.

0:05:17

Designed to ensure the overlords' monopoly of power forever.

0:05:20

Our species will be condemned to this nightmare future

0:05:24

Unless masses are awakened to the

0:05:26

New World Order master plan

0:05:28

And mobilized to defeat it.

0:05:32

Erected by a secretive group

0:05:35

The Georgia Guidestones are a testament

0:05:37

To the elites' plan

0:05:39

For a world religion,

0:05:41

Global laws, with a global court and army to enforce it.

0:05:46

And set in stone, it is written

0:05:48

That the population never rise above

0:05:51

500 million

0:05:59

In this film you will learn how our world is truly governed.

0:06:02

You will see how highly secretive roundtable groups interlock to form a global intelligence network.

0:06:09

This group has steered planetary affairs for hundreds of years.

0:06:13

Now in the final stages, they prepare for open world government.

0:06:18

A goal tyrants throughout history have lusted after.

0:06:23

Dr Michael Coffman is a published ecologist specializing in ecosystem research,

0:06:28

Forest ecology, and ecosystem classification.

0:06:34

Dr Coffman played a key role in blocking the ratification

0:06:37

Of the Convention on Biological Diversity in the US Senate.

0:06:42

The concept of a New World Order has been around for centuries.

0:06:44

It's been receiving tremendous play over the last half of the 20<sup>th</sup> century.

0:06:50

George Bush- the first President George Bush- used it a lot in his speeches.

0:06:55

And implies that he really wants to see

0:06:58

A... order in which we have

0:07:01

A universal or a global type of governance.

0:07:04

In which every human being on planet Earth is

0:07:06

Is ultimately responsible to the policies

0:07:08

Which are being formulated at the international level.

0:07:11

It is a big idea.

0:07:14

A New World Order.

0:07:20

President Bush said the New World Order was...

0:07:24

In tune.... That's what they were working for.

0:07:27

The UN is part of that government.

0:07:29

They're working right now very significantly for a North American Union.

0:07:32

There's a lot of people in Washington right now

0:07:34

Who don't care too much about our borders.

0:07:36

They have a philosophic belief that national sovereignty is not important.

0:07:39

That's sort of the reason I have made a very strong suggestion

0:07:42

We need not be in the United Nations for our national security.

0:07:45

It's really always the same.. You go back through history

0:07:48

The Roman Empire.

0:07:50

The Soviet Union. Hitler during the ...Naziism.

0:07:53

Was always saying it was going to create the utopia for the average person.

0:07:57

When in fact, history always shows that it does exactly the opposite.

0:08:02

## ANCIENT ROOTS OF GLOBALISM

0:08:04

Conquest and Empire are as old as civilization.

0:08:06

Babylon,

0:08:08

Egypt and Greece

0:08:14

They all built empires in an attempt to rule the world.

0:08:17

The Roman system at it's peak, dominated

0:08:20

The known world.

0:08:22

Complex governmental systems were developed...

0:08:25

To control diverse populations.

0:08:28

During the period between the 15<sup>th</sup> and 19<sup>th</sup> centuries,

0:08:31

New empires emerged...

0:08:33

And again, waged war for supremacy.

0:08:39

The nobility as well as the thriving merchant class

0:08:42

Were financed by a handful of private banks.

0:08:46

Many of the great money houses would hedge their bets

0:08:49

And finance \*both\* sides of a war.

0:08:51

Sophisticated intelligence-gathering networks

0:08:55

Gave financiers an edge over the governments they were slowly gaining control of.

0:09:03

On the 18<sup>th</sup> of June, 1815

0:09:06

Agents of the British arm of the Rothschild family

0:09:09

Looked on as Empiror Napoleon Bonaparte

0:09:11

Fought despirately to save his army

0:09:14

From the jaws of a British-Prussian pincer attack.

0:09:18

A Rothschild agent was able to get the news of Napoleon's defeat

0:09:22

At the hands of Lord Wellington to Nathan Rothschild

0:09:26

A full 20 hours before the news reached London.

0:09:32

Nathan, the head of the British arm of the Rothschild family

0:09:35

Put out the rumor to the London Stock Exchange

0:09:38

That Napoleon had \*won\* the war!

0:09:42

Stocks plunged by 98%

0:09:45

Rothschild was then able to buy up the entire British economy

0:09:49

For pennies on the Pound.

0:09:55

When the news of Napoleon's defeat finally arrived,

0:09:59

Stocks soared.

0:10:02

Britain was now the undisputed ruler of Europe.

0:10:05

And Rothschild ruled England.

0:10:10

The already-dominant British Empire grew even more aggressive.

0:10:17

Her troops and bureaucracy spread across the globe.

0:10:22

The sun never set on Britannia's holdings.

0:10:26

The banking cartel - funded, in fact, since about 1800...

0:10:30

They have funded both sides of almost every war.

0:10:33

..and of course they're getting the interest off the loans that they've given

0:10:37

The various governments [for] the wars they have absolutely helped stimulate and create.

0:10:42

By 1900, Germany was a rising force...

0:10:46

And a leader of the Industrial Revolution.

0:10:49

Uh- World War I, for instance. There was...

0:10:51

Absolutely no reason to have World War I.

0:10:53

Except it was an ideal opportunity

0:10:56

For the banking cartel to make a pile of money

0:10:59

By funding both sides of that particular war.

0:11:02

On June 28, 1914, the heir to the Austrian-Hungarian throne...

0:11:07

Archduke Franz Ferdinand, was assassinated

0:11:10

While traveling in a motorcade

0:11:21

The "Black Hand"

0:11:23

- a Serbian secret society with connections to French and British intelligence

0:11:26

Took credit

0:11:30

World War I had begun.

0:11:50

Armaments companies financed by Rothschild-controlled banks

0:11:53

In Germany, France, England, and Austria bankrolled all factions.

0:12:07

At least 20 million were killed in the war.

0:12:10

It was a conflict so terrible, the people vowed to never fight again.

0:12:16

They dubbed it the “War to End All Wars”.

0:12:22

The question is “Why did they want war?”

0:12:24

Well, first of all, there’s money and power-

0:12:26

But secondly, they wanted to create the League of Nations.

0:12:28

They had this in their plans all along,

0:12:31

And as a consequence, once the war was over, or about to be over,

0:12:35

They began to formulate this idea of a League of Nations

0:12:37

So this would never ever happen again.

0:12:40

Hundreds of years of practice made the British experts

0:12:43

At hiding their empire behind puppet governments and councils.

0:12:48

In the name of stopping all future conflicts,

0:12:51

They proposed that countries would join a “League of Nations”

0:12:57

Their true intention was for the League to serve as a framework

0:12:59

For world government.

0:13:05

President Woodrow Wilson, who had spearheaded

0:13:07

The establishment of the private Federal Reserve System

0:13:09

In the United States in 1913,

0:13:13

Strongly supported the establishment of the League of Nations.

0:13:16

Woodrow Wilson was a very naïve President.

0:13:19

He was basically a college professor who was grafted into this whole system.

0:13:24

The League convened in Paris in 1919

0:13:27

But many nations recognized it as a threat to their sovereignty.

0:13:30

And refused to join.

0:13:32

Frustrated by the U.S. Congress blocking the League of Nations,

0:13:36

British intelligence, with the help of the Rockefeller family,

0:13:39

Set up the Council on Foreign Relations.

0:13:42

In New York City in 1921.

0:13:45

The Council recruited the best and the brightest

0:13:47

Of American life to support the growth of the Anglo-American Empire.

0:13:53

The CFR's stated mission is to abolish all nation-states

0:13:56

In favor of an all-powerful world government...

0:13:59

Administered by a tiny elite.

0:14:04

By 1930, the promoters of World Government

0:14:06

Had split into two interlocking camps:

0:14:09

The Fabian Socialists, centered in London,...

0:14:12

And the Fascists, based in Italy and Germany.

0:14:18  
NATIONAL SOCIALISM WILL USE ITS OWN REVOLUTION FOR ESTABLISHING A NEW WORLD ORDER.

-Adolf Hitler

0:14:28  
Supporters of the Fascists in the United States and England believed

0:14:31  
That the military should be used to quickly transform the world...

0:14:35  
Into a New World Order.

0:14:37  
...while the more sophisticated practitioners of globalism stated

0:14:39  
That "incrementalism" was the sure path to world domination.

0:14:45  
Congressional Medal of Honor winner, Major-General Smedley Butler

0:14:48  
Went public in 1934-

0:14:50  
Exposing an attempt by the robber-barons to launch a military overthrow of the United States.

0:14:56  
The war hero testified to the McCormic-Dixtein Committee in Congress..

0:15:00  
That some of the most powerful men in America

0:15:03  
Had tried to recruit him to lead a military coup...

0:15:06  
So they could set up National Socialism (Nazi) in the United States.

0:15:20  
At noon, before the Congressional committee.. The highest representation of the American People,

0:15:24  
Under subpoena, to tell what I knew of activities..

0:15:27  
Which I believe might lead to an attempt to set up a fascist dictatorship.

0:15:32  
I was supposed to lead an organization of 500,000 men

0:15:36  
Which would be able to take over the functions of government.

0:15:39

The fascists had also made deep inroads in England.

0:15:43

Edward VIII, King of England,

0:15:45

Was forced to abdicate his throne, because of his public support for Hitler.

0:16:12

Though the German-led fascist camp was strong,

0:16:16

The Fabian Socialist block was able to maintain control.

0:16:19

Of the U.S., Russia, and England.

0:16:29

In the build-up to World War II, and during the conflict,

0:16:34

The bankers financed both sides.

0:16:36

...just as they had done with Napoleon.

0:16:50

After the rise and fall of the Third Reich,

0:16:52

Europe lay in ruins.

0:17:13

Once again, the elite claimed,

0:17:15

That only global governance could save humanity from certain destruction.

0:17: 21

And this time the elite would succeed in setting up their world body.

0:17:31

In April of 1945, at the Presideo naval base in San Francisco

0:17:35

The United Nations was founded by the victors of World War II.

0:17:41

The United Nations complex was then built in New York City

0:17:45

..On land donated by John D. Rockefeller.

0:17:49

Shortly after, the Elite established the United Nations as their base in the United States.

0:17:54

The newly-formed World Council quickly began work...

0:17:57

On the next phase in their plan..

0:17:59

The incremental formation of continental “super states”.

0:18:03

The first step in their tri-lateral plan...

0:18:06

Was the creation of the European Union.

0:18:10

Unifying Europe had been tried many times,

0:18:13

And was extremely unpopular.

0:18:15

Where Napoleon and Hitler had failed to accomplish their goals using force,

0:18:20

The Globalists would succeed, using stealth.

0:18:24

The British spearheaded the formation of the Council of Europe on May 5, 1949.

0:18:29

The Treaty of London claimed to only establish trade ties between European nations.

0:18:35

...like NAFTA or GATT in North America.

0:18:39

Its true intention was the formation of a European super-state.

0:18:41

WE SHALL HAVE WORLD GOVERNMENT WHETHER OR NOT YOU LIKE IT. BY CONQUEST OR CONSENT.

-James Warburg, in the Senate Foreign Relations Committee, February 17, 1950

0:18:55

In 1954, the Elite of the planet met in secret.

0:18:59

...at the Bilderburg Hotel, in Oesterbek, Holland.

0:19:03

The Bilderburg Group would later admit that their mission was the formation of the EU (European Union).

0:19:10

Once the EU was established under the guise of trade deals,

0:19:14

A North American Union, and Asian Union would be formed.

0:19:19

The three interlocking superstates form the core of the global government...

0:19:24

While the United Nations would serve as a world regulatory and enforcement body

0:19:29

Over the third-world sub regions.

0:19:33

The Builderburg Group consists of the heads of all of the managing roundtable groups that steer individual countries.

0:19:40

Picture the elite power structure of the world as a giant pyramid.

0:19:46

With only the elite of the Elite at the tip-top of the capstone.

0:19:50

The group has been so secretive, that until the mid-1980's,

0:19:53

The controlled corporate media denied its existence.

0:20:00

Into the late 1990's coverage only consisted of rare, one-line mentions.

0:20:18

With the rise of the alternative media, their stranglehold on information has begun to slip.

0:20:25

...On the outskirts of the national capital today,

0:20:27

Black limosines with darkened windows converged on a hotel...

0:20:32

Where private security guards imposed iron-clad control

0:20:35

The limos carried royalty, political powerbrokers, and industrial titans...

0:20:40

To a secret meeting that will last all weekend.

0:20:44

It's known as "The Builderburg Group". Could their objective be world domination?

0:20:51

Every four years, Builderburg meets in North America.

0:20:55

And in June 2006, we decided to travel to Ottawa, the capital of Canada.

0:21:02

The site of Builderburg.

0:21:11

In Builderburg's long history..

0:21:13

Many reporters attempting to cover the group have been harassed, detained, and even jailed.

0:21:20

I jokingly reassured my cameraman...

0:21:23

That the horror stories we read about were probably exaggerated.

0:21:25

I was wrong.

0:21:29

We know reporters are detained. At airports, people aren't let in...

0:21:33

We know people get... sit in jailhouses 3 or 4 hours.

0:21:36

It happens every time... well, it happened to Alex Jones this time.

0:21:40

They admit at Builderburg, they've had pressure put on them...

0:21:44

By the government, to heighten security.

0:21:46

That's why all of this happened.... I was told that by two separate people.

0:21:50

They scoured our records for hours yesterday, and for hours today...

0:21:53

Trying to find something on us...

0:21:55

Of course there was nothing.

0:21:57

It was just scary.

0:21:59

Again, I've been all over the world...

0:22:00

I've never seen anything like this.

0:22:02

It was just hours of humiliation.

0:22:04

... and they said "What are you here for?"

0:22:06

I said "Well, I'm here to... you know, cover the, uh...

0:22:09

Covering a political event. I hope to cover some Members of Parliament...

0:22:13

I was answering all the questions. It was clear I wasn't a threat..

0:22:15

It was clear I didn't have a criminal record.

0:22:16

It was clear I was press. It was clear I was coming to interview people..

0:22:18

They were going to deny me.

0:22:19

They told me earlier...

0:22:21

That I was probably going to be denied.

0:22:23

Then you guys showed up, and everything changed.

0:22:25

What's your plan now?

0:22:27

My plan is to go down, try to interview Jim Tucker...

0:22:32

Try to go down to the Builderburg Group...

0:22:34

Maybe catch some of them still arriving...

0:22:37

And try to still make a documentary.

0:22:46

So... instead of being here at 8 am,

0:22:48

In the morning, when Builderburg Group attendees..

0:22:50

...the hundred elite of the planet, start showing up...

0:22:54

We're going to be getting here at about 3:30 or so..

0:22:57

And see if we can catch any of the Elites coming in.

0:23:25

What do you think's on the agenda for this edition of the Builderburg (?muffled?) meeting..?

0:23:30

They're debating the attack on Iran...

0:23:32

They're talking about how to take out Hugo Chavez...

0:23:34

They're talking about how to get their American Union in..

0:23:37

That destroys Canadian, U.S., and Mexican sovereignty...

0:23:40

So we're talking about the death of Canada...

0:23:42

That's what's happening in there right now: the death of your sovereignty...

0:23:45

Is what's happening in there right now..

0:23:47

CNN has even reported that these individuals have put out the policy reports...

0:23:51

...through the Council on Foreign Relations, that writes their scholarly "White Papers"

0:23:55

To end the United States...

0:23:57

To end Canada...

0:23:58

And to end Mexico.

0:24:01

About 10 have come in...

0:24:06

They've been coming in slowly...

0:24:08

In big black cars- typically with what appears to be bullet-proof glass...

0:24:12

And we've got a few pictures of some of the people.

0:24:16

We're being kept well back from the building by an awful lot of, uh ...

0:24:20

Security people.

0:24:22

...But, you know, there will be more security as this thing develops...

0:24:24

Okay... just a reminder to stay off the property- okay?

0:24:27

I am. I am. This is the line... we checked with the City...

0:24:39

This is the ex-President of (muffled)... maybe?

0:24:43

I came here from Upstate New York...

0:24:45

I booked a room, way in advance...

0:24:48

When I checked in at 10 o'clock at night...

0:24:50

They told me I had to be out by 8:30 in the morning.

0:24:52

And so of course I complied with what they wanted..

0:24:54

I wasn't happy about it.

0:24:56

I had been tired. I drove quite a long way.

0:24:58

Then I went down to have something to eat...

0:25:01

And I just saw a bunch of security here...

0:25:04

And I was wondering what was going on...

0:25:06

And I asked questions...

0:25:07

And they said they were having a wedding...

0:25:10

Or they were having some sort of reception...

0:25:12

So I decided to ask a couple more questions...

0:25:15

Because I thought it was kind of weird.

0:25:17

And then I saw them..

0:25:18

Uh, from my hotel window...

0:25:21

They were in the back, with flashlights..

0:25:22

Looking in the trees.

0:25:23

Looking up through the trees.

0:25:25

And they were also in front of the hotel...

0:25:28

Uh, coming... it looked like coming the hotel...

0:25:30

So I also kind of got...

0:25:31

was wondering what was going on...and...

0:25:33

I left... I got up this morning...

0:25:37

I checked out...

0:25:39

And then the fella that I spoke with... the last fella that I spoke with..

0:25:42

Said "Well, you'll know all about it in the newspaper."

0:25:46

Well I didn't have to wait, because

0:25:48

There was a group of people out here telling me everything that was going on.

0:25:55

...and they're not fooling anybody any longer.

0:25:57

When you've got this many cops...

0:25:59

And detaining Alex Jones at the border...

0:26:05

Get'em on both sides!

0:26:08

Yeah, ya crook!

0:26:10

Yeah, you're gonna to go to jail, like Ken Lay!

0:26:15

Oh yeah! There's one right there!

0:26:17

Hiiii!

0:26:18

Hey, we're not your property! We're not your slaves!

0:26:20

We're going to defeat the New World Order!

0:26:23

The New World Order is going to be defeated!

0:26:25

You realize that? - I'm glad you do!

0:26:28

Always does throughout history!

0:27:00

Iltienne Davignon is the honorary Chairman of the Builderburg Group...

0:27:05

As well as the head of its steering committee..

0:27:12

The committee he heads selects and invites each year's attendees...

0:27:17

In the last decade...

0:27:19

the list of attendees has been leaked to reporters

0:27:21

By moles on the inside.

0:27:25

Veteran news reporter Jim Tucker...

0:27:27

Has been covering the Builderburg meetings for over 30 years.

0:27:31

And has physically attended more than 20.

0:27:34

We traveled back to our hotel...

0:27:36

To see if Jim Tucker received the 2006 list.

0:27:42

I first heard about Builderburg in 1975.

0:27:45

I said "I don't believe it"

0:27:47

"It's not possible."

0:27:49

"Who in hell is Builderburg?"

0:27:51

I spent twenty happy years in metropolitan newspapers...

0:27:55

All the wires were clicking at my ear.

0:27:57

That could not happen without me knowing about it!

0:28:01

...And the thing that first impressed me most...

0:28:03

Was caused in 1957 -

0:28:06

By the late, great Westbrook Pegler..

0:28:08

Widely syndicated columnist...

0:28:10

He wrote two lengthy columns...

0:28:12

About how approximately 100 leaders of international finance...

0:28:17

Heads of state...

0:28:18

High public officials...

0:28:20

Were meeting behind armed guards, closed doors...

0:28:24

Like Jykell Island- sealed off!

0:28:26

What were these powerful internationalists doing?

0:28:29

And why is it so secret?

0:28:31

Why does it have armed guards outside?

0:28:33

Why is it sealed off?

0:28:34

The newspapers totally ignored it.

0:28:36

Not a word.

0:28:39

Total blackout in the United States.

0:28:42

Since then, I've never stopped pursuing Builderburg...

0:28:47

Or the whole international gangster organization.

0:28:52

Lead by Rockefellers and Rothschilds...

0:28:55

As they manipulate their world for their own selfish interests.

0:29:04

Jim, you've been waiting on the list...

0:29:06

You normally get it on the first day...

0:29:08

You haven't gotten it.

0:29:09

We're told it might come in today...

0:29:10

How important is that list?

0:29:12

It's absolutely essential, although identifying people outside...

0:29:16

As we always do, is important to find out...

0:29:18

Who is not on their own list.

0:29:21

In recent years, someone from Europe...

0:29:23

has sent me a machine copy

0:29:25

With the letterhead and so forth...

0:29:27

Without identifying himself.

0:29:29

So far, I haven't heard from him.

0:29:43

Well Builderburg...

0:29:45

assumed that name in 1954

0:29:47

At their first meeting as Builderburg...

0:29:49

At the Builderburg Hotel...

0:29:52

It's a little like Shakespeare's "As You Like It"...

0:29:55

They said to Shakespeare: "What do you want to call this book?"

0:29:57

He said "As you like it"...

0:29:58

Meaning: "Whatever you want to call it."

0:30:00

They thought it was dictation, so..

0:30:02

One of his plays is called "As You Like It"...

0:30:05

And the title has nothing to do with the play.

0:30:07

So that's how Builderburg came out in name.

0:30:11

Now they have been meeting...

0:30:13

For half a century -the monied class had been meeting...

0:30:17

So they decided they'd have to meet systematically...

0:30:19

Every year...

0:30:20

Well planned in advance...

0:30:23

With maybe other smaller meetings throughout the year.

0:30:28

Are you sure this is the right turn, Jim?

0:30:30

No... (muffled)

0:30:40

This is a global government..

0:30:42

They are setting the world agenda...

0:30:44

Inside right now, they're deciding on...

0:30:46

Whether there'll be a war with Iran...

0:30:49

They're deciding on whether or not taxes will increase..

0:30:52

Whether oil prices will be suppressed or increased.

0:30:56

They are, uh - there's much more in it, that we will be finding out...

0:31:01

In the fullness of time.

0:31:03

But those are three items that are...

0:31:03

heavy on their list this year.

0:31:13

This is Jim Tucker, ladies and gentlemen-

0:31:15

27 years covering these crooks...

0:31:16

God Bless You! Pleased to meet you!

0:31:18

The Media said he was crazy- it didn't exist.

0:31:20

Now we forced them!

0:31:22

120 of the world's most powerful men...

0:31:24

Heads of State from Europe..

0:31:26

High officials from the United States...

0:31:28

Treasury...

0:31:29

White House...

0:31:30

State...

0:31:31

Defense...

0:31:32

They're setting the world agenda now.

0:31:34

The reason they want secrecy is 'cause ...

0:31:36

They're doing evil.

0:31:38

Evil is done under the cover of darkness.

0:31:40

Good works are done in the sunshine.

0:31:47

Hi! How you doin'?

0:31:50

Good.

Get off the property please.

0:31:52

Jim here has some questions for you.

0:31:54

I need you to move off the property.

0:31:56

It's private property.

Sure.

0:31:58

It's a public sidewalk.

I need you to cooperate.

Oh, yeah we are cooperating.

0:31:59

Thank You, right onto the sidewalk.

There's no implication that we aren't cooperating.

0:32:02

Can you get up onto the sidewalk and stay there please?  
Sure.

0:32:04  
Yeah.

Thank you.

0:32:06  
Jim? ...Jim has some questions for you.

0:32:08  
Again, I need you to stay right on the sidewalk.

0:32:10  
Yeah. We actually checked with the City... the property line's actually right here.  
Thank you

0:32:12  
Also-

0:32:14  
That's good.

0:32:16  
The property line's actually right there.

0:32:25  
We are on the verge of a global transformation.  
All we need is the right major crisis and the nations  
Will accept the New World Order.  
-David Rockefeller

0:32:35  
So David Rockefeller and (?) are at the Brooks Street hotel.

0:32:39  
And they have no bodyguards.

0:32:42  
One of my friends shouted "Hey Rockefeller!"

0:32:45  
And he turned back... and he, uh..

0:32:47  
Was, uh...

0:32:49  
Afraid. (heh)

0:32:51  
My name's Rene. I'm from Manitoba.

0:32:53  
I drove about 26 hours to get here.

0:32:55  
Just to show... that I'm against the Builderburgers.

0:32:59

Just to fight for my freedoms... fight for my rights.

0:33:02

Make sure my children can grow up...

0:33:04

In a free country

0:33:05

My name is Daniel Estulin, and...

0:33:07

I've been doing this for the last 15 years.

0:33:10

I'm from Canada, and I'm very proud of my country...

0:33:12

Because as you can see,

0:33:14

There are a lot of people covering the Builderburg conference.

0:33:17

Last year, it took me 14.5 hours to get to Munich.

0:33:23

I was pulled off a plane in Atlanta.

0:33:25

I was pulled off a plane in Munich.

0:33:26

They interrogated me 4 hours in both places.

0:33:29

I was able to call a friend. A German journalist in Rome..

0:33:32

As a result of his presence...

0:33:34

And others, calling the Foreign Ministry Dept in Italy,

0:33:36

They backed off and they let me go.

0:33:38

They basically told me they'd be keeping an eye on me

0:33:40

24 hours a day.

0:33:43

The little hotel we were staying at...

0:33:45

"Gemini"...

0:33:46

Out of the 20 rooms,

0:33:47

six were occupied,

0:33:48

Three by the CIA,

0:33:49

Three by German secret service.

0:33:53

That's how serious these people are.

0:33:54

That's how afraid they are..

0:33:55

Of what we may be able to reveal.

0:33:56

And actually of what we do reveal...

0:33:59

Publically...about the Builderburger intents.

0:34:01

Daniel Estulin has covered the Builderburg meetings...

0:34:04

In Europe and North America for more than 15 years.

0:34:08

His book, "Club Builderburg"...

0:34:10

Has been translated into more than 20 languages.

0:34:12

And is a global best-seller.

0:34:15

Estelin has photographed many past Builderburg meetings.

0:34:20

Rockefeller front-man, Henry Kissinger...

0:34:22

Is always a key participant.

0:34:25

Here you see the President of the CFR, Richard N. Haas...

0:34:30

Followed by Vice Chairman of Rothschild Europe, Franco Bernabe...

0:34:34

Who is speaking with Henry Kravis...

0:34:37

And behind him is Richard Holbrooke

0:34:39

Former U.S. ambassador to the United Nations.

0:34:45

The Head of Daimler-Chrysler, Jurgens Eric Schrempp

0:34:48

Arrives by helicopter.

0:34:50

Here, the owner of the Washington Post,

0:34:52

Donald Graham, escorts Indra Nooyi...

0:34:55

The head of PepsiCo.

0:34:58

Queen Beatrix of the Netherlands...

0:35:00

Whose father, Prince Bernhart founded Builderburg...

0:35:02

Is a leading figure in the group.

0:35:06

Of course, globalist Kingpin,

0:35:08

David Rockefeller, seen here with his bodyguard...

0:35:11

James Ford, always attends

0:35:15

The then-newly-appointed World Bank Chief, Paul Wolfowitz

0:35:18

Is photographed at Builderburg 2005.

0:35:22

It has been reported that Wolfowitz had attended previous meetings...

0:35:25

While still the Deputy Secretary of Defense...

0:35:28

A violation of the Logan Act.

0:35:32

Under the Logan Act, it is a felony offense...

0:35:34

For any member of federal or state government..

0:35:37

To meet with members of a foreign government...

0:35:39

Without the express authority and authorization...

0:35:42

of the President or Congress.

0:35:45

Put simply, it is illegal...

0:35:47

For members of the government to meet secretly...

0:35:49

Behind closed doors...

0:35:51

With foreign power brokers...

0:35:53

Due to the problems of corruption and espionage that it breeds.

0:35:58

For this reason,

0:35:59

Many prominent politicians attend...

0:36:01

But their names do not appear on the official list.

0:36:05

Despite the Logon Act,

0:36:07

The Governor of New York's name,

0:36:08

George Pataki...

0:36:10

DOES appear on the list.

0:36:11

And we were able to catch the Governor on tape..

0:36:13

Walking with David Rockefeller at Brooks Street [Hotel]

0:36:20

Multiple staff members inside Brooks Street

0:36:22

Reported to us that Hillary Clinton attended for half a day.

0:36:26

Several armored limos with diplomatic plates did arrive...

0:36:29

With police escorts,

0:36:31

And offloaded their passengers

0:36:33

In the underground parking garage...

0:36:35

Out of the sight of the Press.

0:36:40

Former World Bank President, James Wolfensohn...

0:36:42

Sardonically stared at our cameras.

0:36:49

Is it they're upset about the fact they're being exposed?

0:36:53

Oh I'm sure they are...

0:36:55

I mean, look at the tinted windows..

0:36:56

They don't want to be seen.

0:36:57

They don't want anybody to know they're here.

0:36:59

So I'm sure they're ticked.

0:37:01

You know- and that's why we're here-

0:37:02

To try to expose them.

0:37:03

Do you think they were angry?

0:37:04

That they were on the front page of the local paper today?

0:37:05

Do you think they're in there reading it right now, Jim?

0:37:07

Oh yes, and I don't think they're happy about it.

0:37:09

They prefer...

0:37:10

Nothing at all.

0:37:11

No publicity.

0:37:13

They prefer absolute secrecy.

0:37:16

Yeah, you better look away!

0:37:18

We're not your slaves!

0:37:20

You don't own me!

0:37:25

Did you get a list of the attendees and everything?

0:37:28

No. I've asked for one

0:37:30

Under a slight variation of my name.

0:37:32

I don't know if I'll get it or not.

0:37:34

...also: it could happen today...

0:37:36

The last three years..

0:37:38

I get back to the hotel..

0:37:40

...and there's a copy waiting for you there?

0:37:42

Yes...somebody who does not identify himself.

0:37:44

I'm not just not revealing the source...

0:37:46

I don't know the source myself...

0:37:49

Because if that... it's got the Builderburg letterhead on it.

0:37:51

And it makes a nice momento!

0:37:55

Alex?

Yeah?

0:37:57

That's Chalabi ?

0:37:59

You think Chalabi?

0:38:01

It looked like Chalabi, and it was a fat guy...

0:38:03

Yeah!

0:38:04

That was Ahmed Chalabi?

Yeah.

0:38:06

Oh my God...

0:38:08

Then they're really going to attack Iran.

0:38:23

(inaudible)

0:38:29

That's the President of Scandinavian Airlines

0:38:38

The last couple of years...

0:38:40

They've been reeling with the amount of leakage they've been experiencing..

0:38:42

So it's getting harder and harder,

0:38:44

But again- it will never get too hard for us,

0:38:46

Because of the sources that we have inside..

0:38:48

Our top-notch sources.

0:38:49

People who are actually working for them

0:38:51  
The Secret Service...

0:38:52  
The second layer:

0:38:53  
people who are in the Builderburgers...

0:38:55  
The clerks...

0:38:57  
The administrative office...

0:38:59  
They're there.

0:39:01  
They are our eyes and ears.

0:39:03  
And every time there is something out...

0:39:05  
We always get the information.

0:39:11  
Backside.

0:39:12  
This could be the (??)

0:39:15  
I think that's the Queen!

0:39:17  
It's the Queen! It's the Queen!

0:39:23  
You see her?

0:39:24  
Yes! Oh my God!

0:39:26  
Queen of Holland.

0:39:32  
What usually happens...

0:39:34  
These Secret Service guys..

0:39:36  
Who are protecting the Builderburg delegates...

0:39:38

The staff, the cook, the chefs...

0:39:40

When they actually get to see and to hear...

0:39:42

What these nasty people are talking about...

0:39:45

They're the first ones to look for us..

0:39:47

The first ones to make sure we get the information...

0:39:49

...from the meeting.

0:39:51

Again, we're very rigorous

0:39:53

With information that does come out...

0:39:54

And we double, triple, and quadruple the, uh..

0:39:57

Confirm the sources

0:39:58

Make sure that all the information checks out.

0:40:00

A lot of the stuff, the Builderburgers have planted information to make sure

0:40:02

That this disinformation nullifies the accuracy of the reporting.

0:40:07

Which is why we never report just the first thing we hear.

0:40:23

That looks like Rockefeller.

0:40:27

The decisions that these people take...

0:40:29

Again, they're not only the decisions to affect the business community...

0:40:32

They affect politics, business, environment- across the entire spectrum.

0:40:38

And these decisions are made and taken by a very ...

0:40:40

Elite group of people, behind closed doors. ..

0:40:43

This year at the Brooks Street Hotel.

0:40:45

We are not privy to these decisions.

0:40:47

We're not allowed to know what they're talking about.

0:40:49

But we'll definitely feel the consequences of these decisions over the next 12 months...

0:40:52

When events, which apparently "by accident"...

0:40:54

Seem to happen...

0:40:55

In fact they have been planned, right here...

0:40:57

This year at Brooks' Street Hotel

0:40:59

Between 8 and 11 of June.

0:41:02

What does it do when you get 120 of the most powerful people in the world...

0:41:04

Getting together to have meetings with government officials

0:41:06

I mean, that's amazing.

0:41:09

Well it is... er, what I mean is that they're planning the corporate agenda.

0:41:12

They're not planning the democratic, human-journey agenda.

0:41:16

In my opinion.

0:41:18

Mussolini had a definition: is when the interests of the corporation...

0:41:21

Take completely over from all other interests.

0:41:23

And that is "Fascism".

0:41:25

He said we should probably call it “Corporatism”

0:41:27

Well call it Corporatism, call it Fascism...

0:41:29

Call it Neo-Lib, Neo-Con...

0:41:31

There's a whole variety of political words.

0:41:33

Depending on which side of the stripe you come from to start with.

0:41:37

...which describes the thing.

0:41:38

But what they are describing is the complete end of democracy.

0:41:41

The end of what matters to people...

0:41:43

The end of what happens to the human journey.

0:41:45

And for that reason I think this is revolting.

0:41:47

Ladies and Gentlemen, we are here in Canada today to stand up against the Builderburg Group...

0:41:52

That is attempting to differ to the sovereignty of the United States.

0:41:56

The truth of your world government has now been exposed.

0:42:00

We know you are ruthless.

0:42:02

We know you are evil.

0:42:04

To David Rockefeller,

0:42:06

to the Rothschild representatives here,

0:42:08

To the Queen of the Netherlands.

0:42:10

To all of you, we tell you:

0:42:12

You are not our Queens.

0:42:13

You are not our Kings.

0:42:14

You are not our Gods.

0:42:16

We do not belong to you.

0:42:18

We are not your slaves.

0:42:20

We stand as free humans have stood since the beginning of time...

0:42:22

Against the strong-men.

0:42:24

Against the thugs.

0:42:25

Against the bullies.

0:42:27

We will defeat your world government.

0:42:29

We will defeat world taxation.

0:42:31

We will defeat your control grid.

0:42:34

God is on our side.

0:42:36

I stand before the Creator of the universe.

0:42:40

And I ask the Creator of the universe...

0:42:42

As our Founding Fathers did in 1776...

0:42:45

To lead, guide, and direct us.

0:42:47

And to give us the power...

0:42:49

And the foresight...

0:42:50

And the understanding, and the will...

0:42:52

To stand against your entire agenda...

0:42:54

Including your final plan of world population reduction...

0:42:57

Of 80%, that Henry Kissinger penned in 1973.

0:43:02

Why do you put mercury in the vaccines?

0:43:05

Stanisodium flouride in the water?

0:43:07

Why??

0:43:08

Why do you put cancer viruses in the vaccines?

0:43:11

Why have you used depleted uranium, now in four separate nations?

0:43:15

You're arrogant!

0:43:16

You have the sickness that elites have had throughout history,

0:43:19

In their literal and sometimes figurative ivory towers..

0:43:23

You believe that you're invincible.

0:43:26

You will, and you are, failing now!

0:43:29

Your New World Order will fall!

0:43:31

Humanity will defeat you!

0:43:35

The answer to 1984 is 1776!

0:43:45

Builderburg is an elite organization...

0:43:47

And the way it works...

0:43:49

The protocol of the meetings is...

0:43:51

The staff, after they're vetted out, they're told...

0:43:53

...exactly how they're supposed to behave themselves...

0:43:55

Meaning that they can never address the attendees.

0:43:57

They can never speak to them unless they're spoken to first.

0:44:00

They can never look them in the eye.

0:44:02

They have to approach them from the right side, the people who are right-handed...

0:44:05

And from the left side, the people who are left-handed.

0:44:07

They can never look them straight-on.

0:44:10

And needless to say, all the information that is being spoken of during the conferences...

0:44:15

Is under no circumstances allowed to come out.

0:44:17

That's what they're told.

0:44:18

And they're threatened with not being able to find another job anywhere in the sector..

0:44:22

If they reveal any information to the press.

0:44:31

Richard Holbrooke

0:44:33

Ambassador Richard Holbrooke thought the peasantry wouldn't recognize him.

0:44:37

If he took a stroll on the grounds at Brooks' Street.

0:44:45

Holbrooke cackled when I told him that we were not his slaves.

0:44:52

Holbrooke! We're not your slaves, Holbrooke!

0:44:58

We're not your slaves!

0:45:05

Holbrooke, we don't belong to you!

0:45:08

We're not your property!

0:45:12

(security guard: Get back on the sidewalk!)

0:45:14

We're free humanity!

0:45:37

Okay, we're going to be going around the back here, guys...

0:45:42

Hey guys, how you doin'?

0:45:52

There are several rings of security service...

0:45:55

The American delegation at every Builderburg meeting...

0:45:57

Is usually protected by the CIA...

0:45:59

And a special division of the US Army.

0:46:01

The British delegation is protected by the Mi-6

0:46:04

The Israelis usually are protected by the Moussad.

0:46:07

The Ottawa Police, in this case, working with the security...

0:46:10

They have very little... actually they don't have any information at all.

0:46:14

About what the meeting is about. They don't know what the Builderburgers are.

0:46:16

Then there is an elite- ah, private firm...

0:46:21 protecting the perimeter..

0:46:23

Doing all the dirty work, such as shooing off the photographers...

0:46:26

And bothering the protesters..

0:46:28

But that's like piddley stuff.

0:46:30

All the heavy stuff is done by the security services such as the CIA, Mi-6...

0:46:34

Some years ago, my legs were a little bit stronger than they are now...

0:46:37

And I crept over a fence...

0:46:40

Under cover of darkness, and approached...

0:46:42

Well the cops started yelling and pointing at me...

0:46:45

So I ran with speed I didn't know I still had.

0:46:49

And some shots were fired...

0:46:51

But they were far above my head.

0:46:53

I mean, they were intimidating, but they were not really trying to kill me.

0:46:55

Not when sharpshooters are firing 20 feet (7 meters) above your head.

0:47:02

Builderburg was founded by David Rockefeller and the Rothschilds in Europe.

0:47:10

They're still the main powers.

0:47:12

Baron Evelyn de Rothschild, male, attended for many years.

0:47:18

Rothschild is still represented.

0:47:20

You'll see them on the list of participants...

0:47:22

Somebody will represent the Rothschild Group.

0:47:25

They are the main powers behind Builderburg.

0:47:30

Dutch Royal Shell is part of the Queen's fortune...

0:47:35

Of course, the Rockefellers have always had heavy oil interests...

0:47:39

That is the original source of their old money...

0:47:42

[There's] the old man.

0:47:47

Jim just got the official, Builderburg-letterhead...

0:47:51

List from his mole inside the Builderburg Group.

0:47:54

Let's go look at it...

0:48:06

So Jim, you got the list..

Yes-

0:48:08

Did we identify Wolfowitz as being here?

0:48:10

..because he's not on the list...

0:48:12

No, we positively identified [World Bank president James] Wolfonson.

0:48:15

Yeah, he's on the list.

Yeah, there's Wolfonson right there... "James Wolfonson"

0:48:18

But aren't there always people who aren't listed?

Yes.

0:48:20

Some years we identify sometimes one, sometimes three people

0:48:22

Who aren't even on their own list, [but] who attended.

0:48:29

Now what I think is very difficult for most people to understand...

0:48:32

Is how such a small group of like 125 men and a few women...

0:48:36

Control a population... that's basically 6 billion people.

0:48:40

Actually it's much easier than you think.

0:48:42

These people work in what I call a systemic methodology.

SYSTEMIC METHODOLOGY

0:48:45

Meaning that... you take a pie, just imagine, ... you take an apple pie...

0:48:49

You slice this apple pie into many very small pieces.

COMPARTMENTALIZATION

0:48:53

And you put in front of each one of these pieces your man or your woman of trust.

0:48:56

And by controlling this individual, you control the entire organization.

INTERNATIONAL FINANCE CORP.

0:48:59

For example, if you take Paul Wolfowitz...

FEDERAL RESERVE [U.S. CENTRAL BANK]

0:49:02

Who runs the World Bank...

WORLD BANK

FEDERAL RESERVE

0:49:04

Through him, you can control the entire organization.

MULTILATERAL INVESTMENT GUARANTEE AGENCY

0:49:07

You don't need to control what the dishwasher...

0:49:09

Or the toilet cleaner thinks or does or believes in...

0:49:12

You just need to control what he [Wolfowitz] does and what he believes in.

INTERNATIONAL MONETARY FUND

0:49:15

And what he does will permeate the entire organization.

0:49:19

And that's how you control with very, very small power base...

0:49:23

A global population of 6 billion people.

0:49:27

Builderburg is making great progress towards a world government.

0:49:29

They have created a superstate in Europe called the European Union.

0:49:32

Their intent on creating a Western Hemisphere union called "The American Union".

0:49:39

NAFTA is to be expanded into every country in this hemisphere..

0:49:44

As NAFTA expands, it will take on the role of the American Union.

0:49:50

And only an educated and informed public can stop them in their tracks.

0:49:55

We went into downtown Ottawa...

0:49:57

and talked to locals...

0:49:59

To learn whether they were aware of the elite meeting in their city.

0:50:15

Hey guys! Attention just for a second!

0:50:17

I just want to tell you...

OTTOWA, CANADA/ DOWNTOWN

0:50:19

A group just met in Canada..

0:50:21

And they're trying to get rid of your sovereignty...

0:50:23

Merging you with the U.S. and Mexico.

0:50:25

It's not funny, I'm serious...

0:50:27

And your news is not going to tell you about this.

0:50:29

This is deadly serious, so I'm just letting you know and telling you about it.

0:50:32

As they say: "They're the guys that run the world."

0:50:35

They make the decisions...and we?...

0:50:37

We just carry it out.

0:50:39

Sir, did you hear about the Builderburg Group meeting here in town?

0:50:41

The 120 most elite people in the world?

No.

0:50:45

Hey, did you hear the Elites are meeting here in town today?

0:50:47

Have you heard about it? The 120 crime bosses?

0:50:52

None of you have heard of it?

0:50:54

None of you guys have heard of the Builderburg Group?

0:50:57

They're meeting right now.

0:50:59

In the city, about 10% of the people were aware of the New World Order agenda.

0:51:04

When we traveled to Parliament, close to half the people we randomly spoke to were informed.

0:51:20

Ma'am, what did you say about the American Union?

It's going to end up happening.

0:51:23

We don't want it, but it's going to happen.

0:51:25

Why do you think?

Because the Builderburg Group runs the world.

0:51:30

You have the Trilateral Commission... that's also part of the Builderburg.

0:51:32

...which [Trilateral Comm.] is the United States, Europe, and Asia.

0:51:36

But most of this is public knowledge.

0:51:38

Nobody wants to believe there are conspiracies...

0:51:41

That world leaders are already elected before they are voted on...

0:51:47

So here we know that Bernard Lord is part of the "outer circle" ...

0:51:53

I was surprised to read that [Canadian Prime Minister Steven] Harper addressed the group in 2003.

0:51:59

Because my understanding was that nobody gets into politics without becoming part of the Builderburg Group.

0:52:04

And you find out afterwards that that is the case...

0:52:09

Yeah, well Bill Clinton was there in '91.. George Bush Sr. back in like '85...

0:52:12

[British Prime Minister Tony] Blair... same thing.

0:52:15

Who we think we're electing as leaders have already been pre-picked for us.

0:52:20

Whether it's Liberal or Conservative.

0:52:23

They're already part of the group.

0:52:25

They own all the horses in the race.

0:52:27

They own the horses, and I understand... for example,

0:52:29

In the United States it's a one-party system, with two factions.

0:52:33

Though you think it's two different parties.

Oh it is...

0:52:37

It's like Bill Clinton constantly vacations with the Bushes..

0:52:39

And they call him their "son"

0:52:41

And they actually staged all that in '92, and now all that's come out.

0:52:45

It's just all staged.

0:52:47

They're not going to let trillions of dollars slip through their hands...

0:52:50

The good news is that people are waking up though.

0:52:52

When you read human history, when you study it...

0:52:54

The Elites try to dominate... subterfuge... Machiavellian backstabbing...

0:52:58

And somehow in the last 50 years, they've convinced Westerners....

0:53:01

That the government's fine... can do no wrong...trust them!

0:53:05

How did this happen?

0:53:07

It's easy to lead sheep.

0:53:09

I mean, people just follow...

0:53:11

They don't want to believe these things will happen...

0:53:13

"No way, we'll just follow along with the norm..."

0:53:15

That's all. It's just... makes it easier for everyone.

0:53:19

What's your view on losing Canada's sovereignty?

0:53:21

I'd like this country to stay as it is.

0:53:24

And I love the United States to be there.

0:53:27

Back in Austin, the capital of Texas...

0:53:30

The public was frighteningly unaware of the nation's peril.

0:53:38

Have you heard about the North American Union?

0:53:40

Um, not really. No. ...I don't watch TV.

0:53:44

No I haven't.

0:53:45

Interesting. I was not aware of that.

0:53:47

I don't know exactly what you mean, so...

0:53:50

I don't think there's going to be a merger of the three nations.

0:53:54

No, I have not.

0:53:55

Uh... no.

0:53:58

No, I didn't know this was happening, so...

0:54:01

Yes, I have.

I haven't.

Oh, you've heard about it...

0:54:03

No.

After that big rally the other day? You haven't heard about it?

No, I don't know about any of that.

0:54:07

No I have not.

0:54:08

Have you heard of the European Union?

0:54:10

I have, yes.

0:54:11

Are you aware of the European Union?

Oh, yes.

0:54:14

Have you heard about the European Union?

Heard about them...

0:54:18

Do you know about the European Union?

No.

0:54:23

Europe? Fifteen member group? Expanded...?

A what?

Fifteen nations of Europe...merging in 2000.

0:54:29

Whatever.

0:54:31

For over fifty years, the Builderburg Group constructed the European Union by stealth...

0:54:37

Under the guise of trade deals.

0:54:40

Now the Elite are using the same secretive program to complete a North American Union.

0:54:45

But this time, super-state integration is on the extreme fast-track.

0:54:51

International agreements like NAFTA, GAAT, and APAC...

0:54:54

Were just stepping-stones in the formation of the NAU.

0:55:01

The North American Union was officially born at Baylor University in Waco, Texas on March 23, 2005.

0:55:08

The leaders of the United States, Mexico, and Canada..

0:55:11

Told the press that they were only meeting to discuss trade.

0:55:14

It soon leaked that a secret meeting had been held during the Security and Prosperity trilateral summit.

0:55:20

The three governments had refused to release the secret agreement to the people.

0:55:24

In September of 2006, their treasonous operation was blown wide-open.

0:55:30

From September 12 to September 14 in Banff, Canada...

0:55:34

Hundreds of elected and appointed government leaders from Canada, Mexico, and the United States met in secret.

0:55:40

On the last day of the conference, someone from inside the secret North American Union forum...

0:55:46

leaked the agenda.

0:55:49

The front pages of newspapers across Canada carried the story.

0:55:53

The Judicial Watch foundation submitted Freedom of Information Act requests to obtain a full agenda.

0:55:58

...And minutes of the secret assembly.

0:56:01

Many federal agencies refused, citing national security.

0:56:05

The foundation finally succeeded, and did receive thousands of pages of documents.

0:56:11

The documents marked "UNCLASSIFIED" are the blueprints of a shadow government...

0:56:15

Ruling by bureaucratic and executive fiat.

0:56:19

The pages chronicle an already-operating North American Union.

0:56:22

Transportation. Law Enforcement. Agriculture. Regulation. Banking. Manufacturing. Construction. Education.

Immigration. And even the military...

0:56:32

...are being merged, with no input by the people, or their elected representatives in Congress and Parliament.

0:56:40

One of the first items on their agenda was to stress how important it was...

0:56:43

That their plan be “carried out by stealth”.

0:56:48

The controllers also talked about exploding the public’s fears of climate change...

0:56:52

...to push a continent-wide new tax fund the new government.  
“CARBON TAX”

0:56:58

Globalist tool Robert Pastor is incessantly paraded on the world stage as the “Man Behind the North American Merger”

0:57:06

When he testified before Congress..

0:57:08

...he pushed the idea of a continent-wide “security perimeter”...

0:57:11

...that erases national boundaries and merges the security apparatus.

0:57:15

The best way to secure the United States today is not at our two borders with Mexico and Canada...

0:57:20

But at the boarders of North America as a whole.

0:57:24

In fact, the North American command, based in Colorado Springs, Colorado...

0:57:28

...was clearly running the meeting in Canada.

0:57:31

For the past decade, the Pentagon has been training with Mexican and Canadian forces...

0:57:35

And has openly discussed using them inside the United States...

0:57:39

...for disasters, and to quell “domestic unrest”.

0:57:45

There are already over 100,000 non-U.S. citizens serving in the U.S. armed forces.

0:57:52

The Pentagon is now expanding its recruiting centers...

0:57:55

...in Mexico, the Phillipines, and Eastern Europe.

0:58:01

Big state police departments nation-wide are lobbying to change laws...

0:58:05

...so that they can recruit non-U.S. citizens to join the police force.

0:58:10

What we are witnessing is a “Red Dawn” [movie] scenerio in slow motion.

0:58:15

Tyrants throughout history have brought in foreigners to oppress their domestic populations.

0:58:28

When their coup-by-stealth was exposed...

0:58:30

The three governments went into damage control mode.

0:58:33

The Security and Prosperity partnership quickly staged as show-summit, that was held in Ottawa, Canada in February 2007.

0:58:41

It is the only way we can achieve security and prosperity for our people...

0:58:46

Is through this cooperation.

0:58:47

We actually occupy one physical space- the North America.

0:58:53

We also had a chance, as Foreign Ministers, to talk about how we cooperate in the region...

0:58:58

...and indeed in the world.

0:59:00

Protesters who were upset about losing their countries' freedoms were not tolerated.

0:59:04

A couple weeks ago, uh, Al Quaida...

(disturbance)

0:59:18

Globalist publications have been open with their frustration that the population has not bought their latest PR [public relations] stunt.

0:59:26

As integration within the European and American Union accelerates...

0:59:31

...the super-states themselves are being merged.

0:59:36

On April 30, 2007, a summit was held at the White House...

0:59:42

The Security and Prosperity Partnership's secretive approach had alarmed the public.

0:59:47

So this time, President Bush, German Chancellor [Angela] Merkel, and EU Commission President [Manual] Barroso hid their treachery in plain sight.

0:59:58

I thank the Chancellor and (?) very much for the trans-Atlantic

1:00:03

Economic integration plan...

1:00:04

And for that too, we need to develop a common market... common standards...

1:00:08

So this is indeed a very important agreement.

1:00:12

An agreement that also brings with it a trans-Atlantic economic council...

1:00:16

To be a permanent body, with senior people on both sides of the Atlantic...

1:00:21

That will look at all those issues in a complete manner...

1:00:24

And which can make it more forward.

1:00:27

The BBC reported that the US and the EU had agreed on a single market.

1:00:33

By announcing a new economic community integration,

1:00:36

they were simply repeating what had been done in America and the EU ...on a larger scale.

1:00:43

The accord states that the two blocks will aggressively push...

1:00:47

Regulatory convergence in more than thirty-five areas...

1:00:51

From financial services, intellectual property, military, education, mergers and acquisitions...

1:00:57

They also agreed to jointly push a global carbon tax.

1:01:02

We recognize we have a problem with greenhouse gasses.

1:01:05

We agree there is a global threat- it is a serious threat...

1:01:07

We agree there is a need to establish a limit to greenhouse gasses.

1:01:12

We need to discuss a possible pricing of CO<sub>2</sub>

1:01:17

How can we translate this into a market economic-compatible scheme?

1:01:22

We have agreed to establish a high-level group... a forum.

1:01:26

This EU-US result is translated into the G8.

1:01:30

...debated together with the outreach countries: China, South Africa, Brazil-

1:01:35

Among others...and India...

1:01:38

A global solution to a global problem.

1:01:38

If Builderburg succeeds, then America falls, [and] all the victimized countries lose their sovereignty.

1:01:46

Builderburg is not a person, it is not an idea..

1:01:48

It is an ideal of very powerful people working together.

1:01:51

An from their positions of ultimate and absolute power, destroying every constitution on Earth.

1:01:58

No matter how powerful the constitutional or the nation is. ...That's what these people do.

1:02:03

The African Union arose out of the African Economic Community, set up in the early 1980's.

1:02:10

The African Union is financed by a consortium of international bodies, governments, and corporations.

1:02:19

The African Union army serves as an enforcement arm for the New World Order's exploitation of Africa.

1:02:30

In Asia, APEC and ASEAN have announced plans to form the Asian Union.

1:02:35

...consisting of Asian and Pacific nations, having more than 3 billion people within its borders...

1:02:43

APEC with become and Asian/Pacific Union...

1:02:46

...and the world is to be divided into three great regions...

1:02:49

...for the administrative convenience of the World Government into which the UN is to evolve.

1:02:57

As the unions form individually, they are simultaneously merged...

1:03:01

To form the first planetary government.

1:03:04

They're trying to destroy every nation on Earth which is trying to promote progress...

1:03:08

Because these people... basically they are landowners.

1:03:11

They don't need progress, because they control the land.

1:03:13

If you take the most powerful man in London...

1:03:17

The people who belong to the Council, and the Committee of 300...

1:03:21

Who belong to the Builderburgers... the British royalty, the guelphs... the "black nobility" of Venice and Genoa...

1:03:27

These people... they're landowners.

1:03:29

The New World Order \*is\* the old world...

1:03:32

It's just the names have changed, the appearances have changed...

1:03:34

But the concept hasn't changed. The idea is still...

1:03:36

To bring the men back, kicking and screaming, back to the Middle Ages.

1:03:40

A "Post-industrial Age World Order".

1:03:43

One of the things that is very shocking to most Americans...

1:03:45

Is the fact that the United Nations Global Biodiversity Assessment,

1:03:48

...which came out about 1995...

1:03:51

Clearly shows that in order to protect planet Earth, we have to go back to a feudal system.

1:03:55

They actually said that in the document.

1:03:58

To craft a modern feudal society...

1:04:00

The Globalists are implementing a standardized North American Union ID card.

1:04:05

To track, trace, and control their surfs.

1:04:08

As they travel throughout the three regions of the NAU.

1:04:15

Building on the massive displacement of humanity - caused by globalization...

1:04:20

The New World Order is rapidly constructing the physical infrastructure of the North American Union.

1:04:26

The NAFTA [North American Free Trade Agreement] superhighway control grid.

1:04:30

I'm Arthur Peterson, Colonel (retired) in the Army...

1:04:32

I've seen things today, that are happening, that would make my friends who died in World War II turn over in their graves.

1:04:45

To think that people would even consider confiscating land of farmers and ranchers...

1:04:51

And taking their homes away from them...

1:04:56

To turn it over to a foreign company...

1:04:59

This thing, which is controlled by Don Carlson, I understand... a notorious socialist...

1:05:04

And they get the tolls on Texas land for fifty years.

1:05:10

The proposed Trans-Texas Corridor would be a patchwork of superhighways and railroads...

1:05:15

Stretching 4000 miles from the boarder of Mexico, cutting through Texas, to Oklahoma.

1:05: 21

A lease has been signed that would make Texas highway 121 a toll road...

1:05:27

A private Spanish company won the bid to collect the tolls for the next fifty years.

1:05:32

These deals with private companies are being negotiated largely in secret...

1:05:37

And many state lawmakers are worried taxpayers are being sold down the road.

1:05:41

Critics say it's a threat to our national security.

1:05:45

It's part of a plan for a North American integration...

1:05:47

Being carried out by governmental and corporate Elites, being carried out without Congressional or voter approval.

1:06:02

We took to the air over central Texas, to get a bird's-eye view of the trans-Texas corridor...

1:06:08

Which is under construction, and will form the heart of the trans-NAFTA superhighway system.

1:06:22

History repeats itself.

1:06:26

Two thousand years ago, all roads led to Rome.

1:06:28

Rome constructed and maintained more than 10,000 miles of roads throughout its empire.

1:06:36

The roads were used to project Roman military power, ...

1:06:41

To control commerce, and to bind the nations and peoples they ruled.

1:06:46

Rome also demanded tribute.

1:06:48

Roman subjects from Albion to Judea were forced to pay a tax to use the roads.

1:06:56

The Romans would then use the tax to dominate their subjects.

1:07:02

Today's superhighways are a powerful tool in the Globalists' arson.

1:07:06

They are instrumental in tearing down national borders...

1:07:09

And in merging nation-states into larger confederations.

1:07:14

Foreign governments and corporations are predatorily seizing infrastructure across North America.

1:07:21

But nowhere has their attack been greater than in Texas.

1:07:27

Texas is the front line.

1:07:28

Over 8000 miles of existing roads and land are being handed over to government-backed foreign companies.

1:07:34

Foreign companies buy the legislators,...

1:07:36

...who then turn over complete control to the same foreigners who financed their campaigns.

1:07:42

Government power is then illegally transferred to unelected quasi-governmental regional government boards.

1:07:48

That circumvent local governments and the will of the people.

1:07:54

The next stage of this World Government plan...

1:07:56

Is to have a transportation control...

1:08:00

And that is called the "NAFTA Superhighway"...

1:08:02

Or in Texas it's called the trans-Texas Corridor.

1:08:04

It confiscates 584,000 acres of land...

1:08:07

To be transferred into control of a Spanish company...

1:08:12

Which will collect tolls in Texas for the next fifty years.

1:08:16

And there is no limit in the amount of tolls that can be collected!

1:08:20

More than eighty federal and state highways have been designated as "international arteries".

1:08:26

The I-35 NAFTA corridor starts deep inside of Mexico...

1:08:31

And travels through the middle of the United States,

1:08:33

...and ends in central Canada.

1:08:37

Container ships from Asia dump their cargo on the Pacific side of Mexico

1:08:42

It then travels duty-free by rail to the new Kansas City “inland port”,

1:08:46

..now considered sovereign soil of Mexico...

1:08:49

In the heart of the United States.

1:08:52

Under international agreements, predominantly foreign companies are placing tolls on already-existing, paid-for roads.

1:09:00

Federal, state, and corporate documents show...

1:09:03

That they will then use the revenue raised to build up the transportation structure of Mexico...

1:09:09

NOT the United States or Canada.

1:09:12

So foreign-made products can pour in even faster from Mexico.

1:09:17

Revenues raised will also be used to fund the fledgling North American Union...

1:09:22

And its growing bureaucracy.

1:09:25

Bottom line: they're using our own money to enslave us.

1:09:29

First of all, they're proposing a North American tribunal.

1:09:32

Which would be similar to what we have in Chapter 11 of the NAFTA agreement.

1:09:36

Which is trumped by international law.

1:09:39

The U.S. Supreme Court and our Constitution could potentially be rendered INVALID.

1:09:43

And what we would have is a new North American business law...

1:09:46

that would trump what we have here in the United States.

1:09:49

It is also interesting to note...

1:09:51

That the NAFTA headquarters is in Mexico, and controls the United States trade,

1:09:58

And rules against the United States Congress.

1:10:00

And noone seems to challenge it.

1:10:03

It's very probable and probably inevitable that our right to bear arms will be challenged...

1:10:07

In a North American court.

1:10:09

So this is just an example of what's happening...

1:10:11

And what's being proposed.

1:10:13

We want to keep our trial-by-jury system.

1:10:17

We want to keep our right to keep and bear arms.

1:10:19

We want a system where we have a Supreme Court...

1:10:23

And not have a tribunal that will be superior to the Supreme Court.

1:10:28

In 2005, Cintra, a Spanish-owned company signed a secret agreement with the Texas Dept of Transportation.

1:10:35

...to erect toll roads on existing roads...

1:10:38

And to toll new roads that were completely paid for by tax dollars.

1:10:42

There are people, believe it or not, in Texas, who don't know what the Trans-Texas Corridor is.

1:10:49

TTC-69, which they'll have the environmental hearings this Spring on, runs through my part of the state.

1:10:54

And there are people over there who have no idea what's fixing to come into their backyard.

1:10:58

TexDOT, an unelected state agency, claimed that the agreement with the foreign company...

1:11:04

Was even secret from the Texas legislature.

1:11:07

When the truth came out, newspapers across the state called for heads to roll, politically.

1:11:13

Cintra's response was to have its Australian subsidiary make its first newspaper buy.

1:11:19

Every newspaper they bought was along branches of TransTexas Corridor...

1:11:24

And had been critical of the toll road plan.

1:11:27

The cost of 40 or 50 newspapers is nothing compared to the profits that will be made.

1:11:33

Just Phase-1 alone of the state toll road plan is estimated to raise more than \$200 billion.

1:11:40

...in just the first 15 years.

1:11:43

And Texas is just a small part of the global panorama.

1:11:48

A combine of trans-national companies...

1:11:51

Is aggressively consolidating public-financed infrastructure worldwide.

1:11:55

And the same interests are erecting a world government...

1:11:59

According to \*their\* rules.

1:12:02

A literal wonderland of corporate corruption,

1:12:05

...where governments simply act as vacuum cleaners...

1:12:08

Sucking up the wealth and resources of the middle class...

1:12:12

And transferring it to off-shore bank accounts.

1:12:15

...leaving behind a cultural and economic wasteland of easily-managed slaves.

1:12:21

The whole purpose about the North American Free-Trade Agreement...

1:12:25

Is not about trade, it's about control.

1:12:28

Control of people.

1:12:30

CAFTA (Central American Free Trade) is even worse... control of people.

1:12:33

It's not about trade. It subsidized trade with taxpayers' funds.

1:12:38

This thing started here...

1:12:41

...and to save this country, we kill this damn thing here.

1:12:47

It started here in Texas, and we'll stop the New World Order right here in Texas.

1:12:52

Polls consistently show that over 90% of the people are against the NAFTA highway systems.

1:12:57

And its toll roads.

1:12:59

As the people learned of the threat, they got angry, and took action.

1:13:03

Our ranch is part of the original (Texas) Spanish land-grant...

1:13:07

And I would love to not have to give it back to Spain.

1:13:17

Opponents of a proposed new super-highway today held a major protest.

1:13:20

NO TTC (TransTexas Corridor)!!!

1:13:34

A majority of Texas counties have voted to resist the plan for a North American Union.

1:13:39

And have vowed to block the construction of its infrastructure.

1:13:43

I think we already know...

1:13:47

It was a law that was passed by a subservient United States Congress...

1:13:50

Where practically noone in the United States Congress stood up and said "No!" ...

1:13:54

They've already passed a law saying that all the drivers' licenses are going to be chipped...

1:13:58

Well I'm telling you right now:

1:14:01

I'm NOT going to carry around a driver's license that's got a chip in it.

1:14:03

...so Big Brother can (?) everywhere I go, and see everything I do.

1:14:08

No ... No!... NO!... HELL NO!

1:14:11

No to all of it! NO!

1:14:14

We the People own this plot of ground.

1:14:18

We the People own the streets here...

1:14:21

We the People own our beautiful Texas...

1:14:24

And we are not going to let a bunch of crooks and robber barons take our beautiful Texas away from us...

1:14:34

Hell NO! ... thank you.

1:14:37

Hell no! No! No! No! No!

1:14:46

RFID (radio frequency id) tracker chips embedded in state inspection stickers and toll tags are already being used...

1:14:52

To track the population.

1:14:54

The new system is also meant to control growth and steer development...

1:14:57

To so-called "smart growth".

1:15:00

"Smart growth", which is really an effort to bring control into the cities.

1:15:05

You have the "re-wilding" of America, and the Wildlands Project, the Convention on Biological Diversity...

1:15:10

...which is to control our rural population.

1:15:13

Toll roads on interstate highways nationwide are walling-off exit ramps to small towns and rural communities.

1:15:21

...and are creating ghost-towns by design.

1:15:25

This trend is accelerating under the NAFTA highway system.

1:15:28

And is meant to “re-wild” more than half the country.

1:15:33

All of these things are designed to bring more and more control to bureaucracies rather than to the independent individual.

1:15:39

...The sovereign individual of this nation.

1:15:42

What brought me into this whole discussion was the fact that...

1:15:44

While I was doing this whole multi-million dollar research effort in the 1980's and early 1990's...

1:15:49

I became aware of an agenda basically to lock up one half of the United States...

1:15:54

...into “wilderness corridors” and reserves.

1:15:57

It's called a “wildlands project”, but it's also a key cornerstone to a United Nations convention on biodiversity.

1:16:04

It was during that study which I began to realize...

1:16:07

That this was not an effort to protect the environment, but an effort to control you and I.

1:16:11

They were dividing the United States up into little compartments...

1:16:14

...in which they would rip out roads... in which they would rip out whole communities...

1:16:18

...and put (inaudible) back into wilderness...

1:16:22

The federal highway system was designed by Pentagon war-planners in the 1950's.

1:16:27

...to serve as a rapid-deployment conduit to move ground forces

1:16:32

...for the defense of the United States during invasion.

1:16:37

The unconstitutional “Northern Command” is now using the highway system as a force-projection matrix.

1:16:43

...to dominate populations across the United States.

1:16:47

Through federally-funded “emergency command centers”...

1:16:50

County and city governments are being quietly federalized, nationwide.

1:16:56

Billions of dollars per city are being spent...

1:16:59

To install millions of surveillance cameras.

1:17:02

Every town and hamlet, no matter how small and remote...is surveilled.

1:17:07

License plate-reading software tracks Americans wherever they go.

1:17:12

New systems are being deployed that scan your face, read your lips...

1:17:17

And analyze your walk.

1:17:21

Under the treasonous “Military Commissions Act”,

1:17:24

American citizens can be secretly arrested, stripped of citizenship, flown to offshore torture camps...

1:17:30

And secretly executed.

1:17:34

Under section 802 of the PATRIOT ACT...

1:17:36

All misdemeanors are considered “terrorism”.

1:17:39

Federal police squads called “VIPER teams”...

1:17:43

Randomly force Americans to line up and show their papers.

1:17:48

From the sidewalks of Miami to the subways of New York, to the streets of Houston, Texas...

1:17:54

Citizens are being searched by heavily-armed gangs of paramilitary police.

1:18:11

Yo, can you get that camera off of us, Sir?

1:18:13

This is the United States... First Amendment...

1:18:15

Alright, but get that camera...

1:18:17

I'm saying 'Get the camera out of my face.' That's what I'm saying  
You're on the streets of New York.

1:18:19

So what does that mean? I'm saying 'Get that camera out of my face' That's what I'm saying

1:18:21

No, it's a free country.

1:18:23

But get the camera out of my face.  
It's a free country

1:18:26

This isn't Nazi Germany... there's no camera in your face.  
..awwwww..

1:18:28

Hey, move to Russia! Okay?

1:18:34

Yo, Sarge! ...Sarge!  
You can have cameras on the street!

1:18:37

I said get it out of my face! Get it out of my face! That's all I'm saying!  
Your guy starts cussing at us.... It was never in your face!

1:18:50

Long before 9/11, the Pentagon was aggressively violating the federal law...

1:18:55

Which bars the military from policing the American people.

1:19:01

Coast to coast, for more than two decades...

1:19:04

Teams of troops would just appear out of nowhere and randomly stop cars...

1:19:09

And search pedestrians.

1:19:11

The acclimation accelerated with regular army searching bags at the Superbowl and the Kentucky Derby.

1:19:17

...as well as other high-profile events.

1:19:21

Then President Bush signed the "Defense Authorization Act"...

1:19:24

...which radically increased the funding for the already-bloated "shadow government".

1:19:29

In the act, the Executive Branch formally announced that it was preparing for domestic insurrection...

1:19:35

...and went on to pre-emptively strip the state governors and legislatures of their powers.

1:19:41

The federal government is announcing that it is the only authority...

1:19:46

As it treats the people, and the states as enemies.

1:19:51

Then on May 9, 2007...

1:19:54

President Bush unlawfully granted himself new powers.

1:19:57

And the presidency officially became a fiat dictatorship.

1:20:04

In the past, continuity of government has been shared by the Legislative, Judicial, and Executive branches of government.

1:20:11

Now all power resides with the president

TYRANNY

1:20:15

For the smallest of reasons - including, in the document's own text...

1:20:21

"any incident in the world"... "regardless of location.."

1:20:24

"that affects population.. Infrastructure.. environment... economy... or government functions..."

1:20:31

Can trigger - at the President's will- total martial law.

1:20:37

It is important to add that the President is merely a puppet of the global syndicate...

1:20:42

...and may not use the new powers, but simply pass them on for use by future puppet administrators.

1:21:35

You must teach people to love their leader.

1:21:39

This is the only, most important. *[sic]*

1:21:47

Why don't we learn from the mistakes of our ancestors?

1:21:52

Why does humankind find itself bound in a cycle of bloodshed and enslavement?

1:21:59

Predatory Elites have always rationalized their oppression...

1:22:03

...by claiming they are superior and have the divine right to rule...

1:22:08

...when all they really are is a gaggle of ruthless psychopaths...

1:22:12

...parasitically feeding on the host population until their cancerous movement causes a collapse of the host.

1:22:20

There have been thousands of tyrannical governments throughout history...

1:22:23

...and less than ten that can truly be called free.

1:22:29

In the 20<sup>th</sup> century alone, over 150million people were murdered at the hands of the State.

1:22:36

In Russia, the “Red Terror” consumed the lives of more than 60 million men, women, and children.

1:22:44

Hitler’s war killed 22 million.

1:22:47

During Mao Tse-tung’s reign alone, over 60million peasant farmers were killed.

1:22:54

And the list goes on... 300,000 innocent civilians killed in Guatemala...

1:23:00

More than 2million souls brutally murdered by the government in Cambodia.

1:23:06

One million 500 thousand killed in Turkey.

1:23:09

Three hundred thousand in Uganda...

1:23:12

800,000+ hacked to death with machetes in Rwanda...

1:23:18

Sadly, there are too many examples of innocent families being exterminated

1:23:23

-by their governments, on an industrial scale - to name them all.

1:23:29

It is an historical fact that the State is the number-one cause of unnatural death.

1:23:35

If you take the 150 million people killed by power-mad government in the last century...

1:23:41

...and divide it by 100,000...

1:23:44

The number of souls lost would fill the biggest sports stadium, packed with 100,000 screaming fans...

1:23:51

1500 times over.

1:23:54

That's 1500 sports stadiums, crammed with 100,000 people each... all exterminated.

1:24:02

For those who think it can't happen here- or won't happen to them... you have been warned.

1:24:10

The carnage witnessed in the last 100 years...

1:24:13

Was only the preparatory phase of the New World Order's master plan.

1:24:30

Hitler and Stalin's crimes are now part of history...

1:24:33

But the Communist Chinese system of Evil is not content with racking up the highest death toll in history.

1:24:42

The mass -murder and -enslavement is still going on today...

1:24:47

And enjoys the full support and sanction of the New World Order.

1:25:00

Communist China serves as a Globalist laboratory.

1:25:04

A proving-ground, where 1.4 billion people live out their lives as guinea pigs..

1:25:10

...to serve as test subjects for the formulation of the Brave New World.

1:25:14

U.S. and British forces worked closely with Mao Tse-tung during World War II.

1:25:19

And at the end of the war, they secretly backed Mao...

1:25:21

...driving out Chang Kai-Sheck and the Nationalists.

1:25:25

The OSS, and then the CIA...

1:25:28

...believed that Mao would have a stabilizing effect.

1:25:33

Bill Clinton's mentor and Georgetown University political science professor Carroll Quigley...

1:25:38

Described in his book, *Tragedy & Hope*, how the Anglo-American roundtable groups..

1:25:43

Backed every brand of authoritarianism, from Communism to Fascism...

1:25:48

To ensure that a centralized government dominates the population and the economy is planned.

1:25:56

The Elite are monopoly men...

1:25:59

They seek to create monopolies and dominate populations through the barrel of a gun.

1:26:06

In their writings, the leadership of the New World Order...

1:26:08

Has continuously heaped praise on the corrupt Communist Chinese model.

1:26:17

In August 1973, in an article written by David Rockefeller for the New York Times..

1:26:23

Rockefeller openly lauds and endorses Mao Tse-tung's actions,

1:26:27

while celebrating their command-and-control system.

1:26:32

*"Whatever the price of the Chinese Revolution, it has obviously succeeded...*

1:26:36

*...not only in producing more efficient and dedicated administration...*

1:26:39

*...but also in fostering high morale and community of purpose."*

1:26:42

*The social experimentation in China under Chairman Mao's leadership...*

1:26:46

*...is one of the most important and successful in history.*

*-David Rockefeller, New York Times, August 1973*

1:26:57

Communist China is the model planned society for the New World Order.

1:27:02

China has received more United Nations awards for its policies and form of governance than any other nation.

1:27:11

In the eyes of Globalist planners, authoritarian China is the future.

1:27:16

China adopted the dreaded one-child policy due to lobbying ...

1:27:20

...from a consortium of eugenics organizations, which includes Planned Parenthood and the United Nations.

1:27:29

Couples that produce more than one child face heavy fines and imprisonment.

1:27:34

The practice of forced abortion in China, coupled with the cultural desire to have a male child...

1:27:40

Has plunged China into a deepening crisis...

1:27:43

...where there are 30million more men than women.

1:27:48

The Chinese police state ruthlessly crushes all forms of dissent.

1:27:54

Underground churches, Falun Gong practitioners, striking factory workers...

1:28:02

...are all sent to forced-labor camps.

1:28:05

Their blood and tissue-types are catalogued in preparation for organ harvesting.

1:28:14

The Chinese government then sells the prisoners' organs to the highest bidder on the world market.

1:28:24

If a wealthy patient chooses to fly into China,

1:28:28

...the prisoner is killed and the organs are implanted.

1:28:33

If the organs are being flown out of the country,

1:28:35

...a mobile execution van extracts the organs on the way to the waiting aircraft.

1:28:46

The social engineers of China aggressively euthenize the elderly and disabled.

1:28:53

China is merely following the Globalist blueprint for the world.

1:28:57

...a system of total dehumanization is quietly being phased-in worldwide.

1:29:04

*"Depopulation should be the highest priority of foreign policy towards the Third World."*

*-Henry Kissinger, 1974*

1:29:14

There's a need for a New World Order.

1:29:17

...but it has different characteristics in different parts of the world.

1:29:23

Now none of this may succeed (?), but this to me is the sort of the outline...

1:29:32

...by which some day, in the next few years, a solution will emerge.

1:29:39

Where does this mindset come from?

1:29:41

Why do the Elites kill the largest masses of people, when no one is resisting them?

1:29:47

When they've already attained total control?

1:29:50

What ideology drives the Elite psychopath?

1:29:56

Since Plato's time 2400 years ago, state planners have openly proclaimed their desire...

1:30:02

...to control every detail of the commoner's life.

1:30:05

...from breeding programs to mass extermination of undesirables...

1:30:09

The dark dream has continued on for millennia.

1:30:11

#### EUGENICS

"IS THE STUDY OF THE AGENCIES UNDER SOCIAL CONTROL, THAT IMPROVE OR IMPAIR THE RACIAL QUALITIES OF FUTURE GENERATIONS EITHER PHYSICALLY OR MENTALLY."

Sir Francis Galton

1:30:21

The scientific rationale for tyranny has always been attractive to Elites.

1:30:27

...because it creates a convenient excuse for treating their fellow man as lower than animals.

1:30:33

Robert Thomas Malthus was famous for saying that a mass food collapse would be helpful..

1:30:39

..because it would wipe out the poor.

1:30:41

His fictional scenario would later be called a "Malthusian catastrophe".

1:30:46

Malthus is important because his ideas led to the rise of a new scientific field...

1:30:51

That would dominate the course of human history for the next 200+ years.

1:30:59

Charles Darwin- an admirer of the Malthusian catastrophe model, developed the theory of evolution...

1:31:05

...its chief tenant being "the survival of the fittest".

1:31:09

With the help of T.H. Huxley, known as "Darwin's bulldog" for his strong support of Darwin's theories...

1:31:15

Darwin's theories were pushed into acceptance within key scientific circles throughout England- and then the world.

1:31:23

Darwin's cousin, Francis Galton, credited as the "Father of Eugenics", saw an opportunity...

1:31:28

...to advance mankind by taking the reins of Darwin's Evolution Theory, and applied social principles...

1:31:35

...to develop "Social Darwinism".

1:31:37

The families: Darwin, Galton, Huxley, and Wedgewood were so obsessed with their new social design theory...

1:31:45

That they pledged their families would only breed with each other.

1:31:50

They falsely predicted that within only a few generations...

1:31:53

...they would produce super-men.

1:31:58

The emerging pseudo-science was only codifying the practice of inbreeding- already popular with Elites for millennia.

1:32:07

The four families' experiment was a disaster.

1:32:10

Within only two generations of inbreeding,

1:32:12

...close to 90% of their offspring either died at birth, or were seriously mentally or physically handicapped.

1:32:20

The monied class of the planet, and particularly the royal families of the world,

1:32:25

...who were already obsessed with breeding and filled with a predatory disdain for the underclass...

1:32:29

...seized on the new science and began enforcing its aims worldwide.

1:32:40

Biometrics appears to be a new science,

1:32:42

...but was actually developed by Galton, back in the 1870's...

1:32:47

..as a way to track racial traits and genetic histories.

1:32:50

And as a way to decide who would be licensed to breed.

1:32:55

In 1904, the Cold Springs Harbor research facility was started in the United States...

1:33:00

...by eugenicist Charles Davenport, and with the funding of prominent Robber Barrons Carnegie, Rockefeller, and Harriman.

1:33:09

In 1907, the first sterilization laws were passed in the United States.

1:33:13

Citizens with mild deformities or low test scores on their report cards...

1:33:17

...were arrested and forcibly sterilized.

1:33:21

TOMORROW'S CHILDREN/ PRO-EUGENICS FILM/ 1934

You're happy to see me, aren't you Alice?

Yes, but what have you done with my folks?

1:33:25

Well we're trying to help them Alice, and you too.... They were taken to the hospital this afternoon.

1:33:31

Hospital! None of them were sick this morning.

1:33:33

We thought it necessary to present your family's case to the State Medical Commission.

1:33:38

After an examination, we thought there was just one course of action to take... to have your entire family sterilized.

1:33:46

What's that? I don't know what you're talking about.

1:33:49

In this state, we have a law which provides for such people to have an operation so there won't be any more children.

1:33:56

I see.

1:33:58

Now we've placed your brothers in institutions where they will be properly cared for.

1:34:01

You can go back to your job soon... I'll arrange to have (??) for you.

1:34:06

But I'm keeping my job. I'm not going anywhere.

1:34:09

Now you're going to the hospital too, Alice.

1:34:11

You mean they're going to stop me from having children ever?

1:34:15

Exactly.

I'm all right I tell you! I won't go to any hospital!

1:34:20

We don't want any trouble with you, young woman. If you refuse to go, the officer here will take you by force.

1:34:25

In 1910, the U.S. Eugenics Record Office was set up.

1:34:30

By then, the British had created the first network of social workers...

1:34:34

...expressly to serve as spies and enforcers for the eugenics race cult...

1:34:38

that was rapidly taking control of Western society.

1:34:42

The social workers would decide who would have their children taken away...

1:34:47

...who would be sterilized...

1:34:49

...and in some cases, who would be quietly murdered.

1:35:03

In 1911, the Rockefeller family exports eugenics to Germany...

1:35:06

...by bankrolling the Kaiser Wilhelm Institut...

1:35:09

...which later would form a central pillar in the Third Reich.

1:35:15

At the 1912 International Eugenics Conference in London,

1:35:18

Eugenics becomes an international craze, and gains superstar status.

1:35:23

The futurist and best-selling science fiction author, H.G. Wells,

1:35:26

...had studied biology under top eugenicists, and was spreading the new faith worldwide.

1:35:33

In 1916, H.G. Wells' lover, Margaret Sanger, starts her promotion of eugenics in the United States.

1:35:41

In 1923, Sanger receives massive funding from the Rockefeller family.

1:35:49

Sanger wrote to fellow eugenicist, Clarence J. Gamble...

1:35:53

...that black men would need to be recruited to act as front-men in sterilization programs directed against black communities.

1:36:01

In 1924, Hitler pens "Mein Kampf", or "My Struggle", and credits U.S. eugenicists as his inspiration.

1:36:10

Hitler even wrote a fan letter to American eugenicist and conservationist, Madison Grant,

1:36:16

...calling his race-based book "The Passing of the Great Race" his Bible.

1:36:22

Hitler developed his plan for mass-extermination of the Jews...

1:36:26

...and what he called "other sub-races", as well as the handicapped- from Grant.

1:36:32

By 1927, eugenics hit the mainstream.

1:36:36

The so-called science was aggressively pushed through contested schools, churches, and at state fairs.

1:36:42

Churches competed in contests with big cash prizes, to see who could best implement eugenics into their sermons.

1:36:52

Major denominations then tell Americans that Jesus is for eugenics.

1:37:00

That same year in the United States,

1:37:02

...more than 25 states pass forced sterilization laws...

1:37:05

...and the Supreme Court ruled in favor of brutal sterilization policies.

1:37:12

When Hitler came into power in 1933, one of his first acts was to pass national eugenics laws...

1:37:18

...modeled after laws in the United States.

1:37:27

The 1934 film "Tomorrow's Children" brought the eugenics agenda to the silver screen in the United States.

1:37:34

In the case of Miss Mason, I can see no reason for the operation to be recommended.

1:37:38

The girl is perfectly normal. She's hardworking, and has a good reputation.

1:37:42

Do you know anything about her family background?

Why yes your Honor, I do.

1:37:46

There are several other children, aren't there?

Yes.

What is their condition?

1:37:50

One is a cripple. Two others might be classed as "feeble-minded".

1:37:54

Isn't the oldest son in jail?

Why yes, I believe so.

1:37:58

And knowing all that, you still content this girl should be allowed to bring more people like that into the world?

1:38:03

She's sound, your Honor! She's not anything like the rest.

1:38:06

Surely, she should be given a chance to work out her own salvation.

1:38:10

I disagree with you, Doctor. Suppose she is normal...

1:38:13

...the chances are her children will inherit the family trait. Isn't that possible?

1:38:18

But your Honor, I...

I'm sorry, Doctor, three generations of unfit are enough...petition not allowed.

1:38:26

By 1936, Germany had become the world leader in eugenics...

1:38:31

...for taking effective action to sterilize, and euthanize, hundreds of thousands of victims.

1:38:38

The "Big Three" of American eugenics: Davenport, Laughlin, and Gothe- were dispatched by the Rockefellers to Germany...

1:38:44

Where they advised the Nazis on the fine-tuning of their extermination system.

1:38:51

With the strong support of the U.S. and England, Germany had gone over the edge...

1:38:56

...and tens of millions would pay with their lives.

1:39:03

At the end of the war, the Allies protected from prosecution...

1:39:06

...the very Nazi scientist who had tortured thousands of people to death.

1:39:14

The Nazi brand of eugenics had embarrassed the Elites, but they had no intention of stopping their plans.

1:39:22

The Allies literally fought with each other over who would get top Nazi eugenicists.

1:39:27

It didn't matter whether the S.S. doctors had tortured tens of thousands to death.

1:39:32

They were free to go.

1:39:34

The "Angel of Death", Joseph Mengele, and his boss - Otmar von Werscher-

1:39:39

...were not prosecuted.

1:39:41

And von Werscher even continued his work in Germany after the war.

1:39:46

Eugenicists were angry that their great work had been exposed.

1:39:49

They then scrambled to camouflage their agenda.

1:39:53

"Eugenics Quarterly" became "Social Biology"

1:39:56

"The American Birth Control League" became "Planned Parenthood".

1:40:02

New terms like "trans-humanism", "population control", "sustainability", "conservation", and "environmentalism"....

1:40:11

...replaced "racial hygiene" and "social Darwinism".

1:40:18

Many eugenicists of the previous period engaged in what they called "Crypto-eugenics".

1:40:24

Purposely taking their beliefs underground, they became highly respected anthropologists, biologists, and geneticists in the post-war world.

1:40:41

The Allies then smuggled thousands of Nazi scientists out of Germany, and placed them in key...

1:40:46

...scientific positions -ranging from bioweapons to rocketry- throughout the military-industrial complex.

1:40: 54

The founder of IBM was a devout follower of Hitler.

1:40:58

Thomas J. Watson had supplied his punch card and computers...

1:41:04

...and IBM technicians to the Nazis, for use in the death-camps.

1:41:09

Tattoos on camp victims were IBM human identification numbers, which fed into the computers.

1:41:16

IBM had used similar punch card systems as early as 1928...

1:41:20

...in a Jamaican race-mixing study.

1:41:23

The first real computers were literally invented by a eugenicist, for eugenics.

1:41:33

UN chieftan and unrepentant eugenicist Julian Huxley argued that since the leader of eugenics...

1:41:37

...had founded the environmental and conservation movements...

1:41:41

...that they should be used as vehicles in formation of a world government.

1:41:48

Just as H.G. Wells had envisioned, this government would be controlled by a "scientific dictatorship"...

1:41:54

...and would be guided by the principles of eugenics.

1:41:58

Huxley created the World Wildlife Fund with Builderburg founder, and former SS officer Prince Bernhart of the Netherlands...

1:42:07

...and Prince Philip of England.

1:42:10

"In the event that I am reincarnated, I would like to return as a deadly virus, in order to contribute something to solve overpopulation."

-Prince Philip  
August 1988

1:42:26

Aldous Huxley author of Brave New World, and brother of Julian Huxley...

1:42:30

...gave a speech at Berkeley in 1962, shortly before his death.

1:42:36

He admitted that his best-selling book, Brave New World, written in 1932...

1:42:41

...was based not on fiction, but on what the elite were actually planning to implement.

1:42:50

And here I would like briefly to compare the parable of Brave New World with another...

1:43:00

...parable which was put forth more recently in George Orwell's book, 1984.

1:43:08

I am inclined to think that the scientific dictatorships of the future...

1:43:16

...and I think there *are* going to be scientific dictatorships in many parts of the world...

1:43:17

...will probably be a good deal nearer to the Brave New World pattern than to the 1984 pattern.

1:43:28

They will be a good deal nearer, not because of any humanitarian qualms of the scientific dictators...

1:43:34

...but simply because the Brave New World pattern is simply a good deal more efficient than the other.

1:43:41

If you can get people to consent to the state of affairs in which they are living...

1:43:47

...the state of servitude, the state of being....

1:43:49

Well it seems to me the nature of the ultimate revolution with which we are now faced, is precisely this:

1:43:57

That we are in process of developing a whole series of techniques which will enable the controlling oligarchy...

1:44:08

...that has always existed, and probably always will exist...

1:44:14

...to get people actually to love their servitude.

1:44:19

People can be made to enjoy a state of affairs which by any decent standard they ought not to enjoy.

1:44:29

And these methods, I think, are a real refinement on the older methods of terror...

1:44:39

...because they combine methods of terror with methods of acceptance.

1:44:45

But then there are various other methods which one can think of...

1:44:50

...there is, for example, the pharmacological method.

1:44:51

This was one of the things I talked about in Brave New World..

1:44:58

And, the result would be -you can imagine a euphoric that would make people thoroughly happy...

1:45:07

...in even the most abominable circumstances.

1:45:10

I mean... these things *are* possible.

1:45:19

The elite have left a massive wave of destruction behind them...

1:45:22

...as they cold-bloodedly experiment on civilian populations, as if we are lab rats.

1:45:30

A string of congressional investigations has uncovered more than 20,000 secret tests...

1:45:36

...that were carried out against the American people between 1910 and 2000.

1:45:44

One well-known eugenics study, the Tuskegee syphilis project, killed hundreds of blacks, and spanned 40 years...

1:45:51

...until whistleblowers exposed it in 1972.

1:45:55

From 1943 until present, the British have tested lethal nerve gas on their own personnel, on land, air, and sea.

1:46:03

Many died instantly. Still others died grueling deaths over several years.

1:46:10

The federal government commissioned secret radiation experiments on thousands of non-consenting patients.

1:46:16

Hundreds of hospitals in the U.S. injected healthy men, women, and children with uranium and plutonium...

1:46:23

...at dosage levels ranging from non-therapeutic to lethal- killing many of the test subjects.

1:46:33

Pregnant wives of G.I.'s were given vitamins by base doctors, that actually consisted of ...

1:46:39

...highly radioactive Uranium-239, and Plutonium-241,

1:46:44

...resulting in violent miscarriages, and the death of the mothers.

1:46:57

Soldiers, sailors, and Marines were used as guinea pigs in hundreds of atomic and hydrogen bomb tests.

1:47:05

Patriotic Americans were irradiated side-by-side with lab animals.

1:47:24

Pilots were forced to repeatedly fly through mushroom clouds with DNA-destroying radiation.

1:47:44

From 1951 to 1961, the U.S. Army paid Israel's health ministry 3 million Lira...

1:47:52

...to conduct radiation testing on Safartic children that immigrated to Israel.

1:47:55

The government-run public schools would tell the children they were going to get a medical checkup...

1:48:02

...that they were receiving an x-ray.

1:48:17

The Pentagon had already irradiated over 4000 institutionalized children in the United States...

1:48:22

...many of which had died.

1:48:26

More than 110,000 of the darker-skinned Jews were given 35,000 times the maximum dose of x-rays...  
to the head, repeatedly.

1:48:35

Many of the children died within months. All of them lost their hair.

1:48:40

Some still live today, and endure excruciating health problems.

1:48:46

The covert testing of chemical, radiological, and biological agents on unsuspecting populations continues worldwide today.

1:48:54

From 1940 to 1979, the vast majority of the British population was sprayed by aircraft more than 2000 times...

1:49:02

...with deadly chemicals and microorganisms, without every being told.

1:49:07

In 1968, the Pentagon tested a deadly bioweapon on New York subways...

1:49:12

...and placed personnel in local hospitals to monitor the effects.

1:49:19

Aggressive sterilization of men and women continued in many states until the mid-1980's.

1:49:24

The United States and England are currently testing pesticides and highly toxic experimental drugs...

1:49:30

...on tens of thousands of healthy foster children, many of which die as a result of the experiments.

1:49:38

Prisons across the nation have forced inmates to participate in grizzly experiments, ranging from pesticide studies...

1:49:43

...to having tablets of dioxin sewn into their backs.

1:49:47

Gradually, by selective breeding,  
The congenital differences  
Between rulers and the ruled will increase  
Until they become almost different species.  
A revolt of the plebs would become as  
Unthinkable as an organized insurrection  
Of sheep against the practice of eating mutton.  
-Bertrand Russell

1:50:05

H.G. Wells, Aldous Huxley, Bertram Russell...

1:50:08

...and hundreds of other eugenicists constantly bragged about how the Establishment believed themselves...

1:50:14

...to be a separate, more advanced species than the common man.

1:50:19

Top eugenicists were bold enough to admit the real goal was not improving the heredity of the commoner...

1:50:24

...but to further dumb them down so they could be more manageable.

1:50:29

Nobel Prize winner [Bertram] Russell wrote at length about how vaccinations filled with mercury...

1:50:35

...and other brain-damaging compounds would induce partial chemical lobotomies and develop a servile zombie population.

1:50:42

Diet, injections, and injunctions will combine,  
From a very early age, to produce the  
Sort of character and the sort of beliefs  
That the authorities consider desirable.

And serious criticism of the powers that be

Will become psychologically impossible.  
-Bertram Russell  
*The Impact of Science on Society*

1:50:59

Over a hundred years ago, eugenicist social planners said they'd use mind-altering drugs to control the population.

1:51:07

By 2007, more than 20% of the U.S. population were on some type of antidepressant.

1:51:16

But in the case of foster children- a sector where the State has total control-

1:51:21

...at least 2/3 are forced to take a cocktail made up on average of severe psychotropic drugs.

1:51:30

Chairman of the Texas Society of Psychiatric Physicians, Joe Burkett...

1:51:34

...testified before the Statehouse Select-Committee on Psychotropic Drugs in Foster Care...

1:51:38

...and shocked the public, when he said that 2/3 of foster children in Texas had been placed on psychiatric drugs...

1:51:46

...because they were "very, very sick from a bad gene pool."

1:51:52

*A lot of these kids come from bad gene pools.*

1:51:54

*They don't have stable parents making good decisions.*

1:51:57

*Besides the gene pools, they've then been traumatized by abuse, neglect, and problems-*

1:52:03

*-and then they've been traumatized by separation and all those things predispose to mental illness.*

1:52:07

The Western world is now implementing eugenics "pre-crime" policies.

1:52:11

Fetuses are now being pre-screened according to family histories of crime.

1:52:15

From Portland, Oregon to London, England- child protective services are enrolling newborn children...

1:52:22

...into criminal databases at birth, and forcing them to attend probation hearings at age two.

1:52:28

The overlords of "scientific dictatorship" are ruthlessly prosecuting a war on our most defenseless.

1:52:36

In December of 1974, the U.S. government made population reduction a central national security issue.

1:52:45

The operation plan titled “National Security Study Memorandum 200” was simply a regurgitation...

1:52:51

...of the British Commission on Population created by King George VI of England in 1944...

1:52:57

...which openly stated that populous Third World nations posed a threat to the international Elites’ monopoly of global power.

1:53:06

The Kissinger-authored U.S. plan targeted 13 key countries where massive population reduction was called for.

1:53:14

Kissinger recommended that IMF (International Monetary Fund) and World Bank loans be given on condition...

1:53:19

...that nations initiate aggressive population control programs, such as sterilization.

1:53:24

Kissinger also recommended that food be used as a weapon, and that instigating wars was also a helpful tool in reducing population.

1:53:35

In 1972, the Nixon White House also implemented a eugenics policy...

1:53:40

...which was directed by George Herbert Walker Bush - then United States Ambassador to the United Nations.

1:53:46

Bush advised China on the formulation of their One Child policy, and directed the federal government...

1:53:52

...to forcibly sterilize more than 40% of Native American women on reservations.

1:53:58

The Builderburg-dominated “Club of Rome” advocated environmentalism as the best front to implement population reduction.

1:54:10

Western populations would accept surfdom, if it was packaged as saving the Earth.

1:54:22

Industrialization of Africa, Asia, and Latin America could be blocked.

1:54:28

Citizens would more willingly give up their national sovereignty if it would help the planet.

1:54:35

The think tank also concocted the “Peak Oil” fraud as a way to create artificial scarcity.

1:54:42

...And the Club of Rome has been aggressively pushing a global Carbon Tax as a way to fund their planetary government.

1:54:49

In the draft copy of the United Nations’ Global Biodiversity Assessment,

1:54:52

...it states very clearly that we must reduce the human population from its current level of about 6 billion people...

1:54:59

...down to about 1 billion people.

1:55:03

In the 1970's, South Africa developed race-specific bioweapons to target Blacks and Asians...

1:55:10

...and then subsequently sold the technology to Israel in the mid-1980's.

1:55:14

In September of 2000, the Project for a New American Century published a document...

1:55:21

...in which Dick Cheney described race-specific bioweapons as politically useful tools.

1:55:28

Somebody mentioned "Well, why would they want to reduce the human population when that means less money for them?"

1:55:34

Most people have no idea. They're not after money. They've got all the money they need.

1:55:38

They're after power. That's their aphrodesiac.

1:55:44

The overlords of the New World Order are now aggressively pushing for a worldwide One Child policy.

1:55:53

The Chinese One Child policy was phased in gradually.

1:55:58

In the 60's when it began, you only had to pay a tax penalty.

1:56:01

Only later did they imprison you if you had more than one child.

1:56:06

Now the exact same proposals- to penalize couples who have more than one child-

1:56:10

-are being made in the United States, England, and Europe.

1:56:13

In the question reduced global warming, children- according to some- are the culprits.

1:56:18

A think tank in the U.K. says too many kids are what's making the planet worse...

1:56:24

...saying large families- anything over 2 children, really- should be frowned upon as an environmental no-no...

1:56:29

...akin to not reusing your plastic bags, or driving one of those big gas-guzzling cars...

1:56:34

...or taking long trips overseas!

1:56:37

The U.K. even in fact has negative growth. I think Canada's does too... that still, families shouldn't have more than two kids.

1:56:44

In 1998, Ted Turner pledged to give more than \$1 billion to the United Nations...

1:56:51

...to be spent in the implementation of population reduction policies planet-wide.

1:56:58

A total world population of 250-300 million people.

A 95% decline from present levels, would be ideal.

-Ted Turner

Interview, Audubon Magazine

1:57:10

In 1999, the Bill and Melinda Gates Foundation gave \$2.2 billion to Planned Parenthood, the United Nations' Population fund, and other population reduction groups.

1:57: 22

By 2007, the Gates' had given over \$30 billion, almost exclusively to population control groups.

1:57: 30

The controlled corporate press cynically reported that the Gates' were giving the money to help Third World children.

1:57: 41

Bill and Melinda Gates were dethroned as the world's most generous philanthropists when their friend,

1:57: 49

...and fellow population reduction enthusiast Warren Buffet, gave \$37 billion to fund an army of population control groups.

1:57:57

And I actually think the world will be much better

When there's only 10 or 20 percent of us left.

-Dr Eric Pianka

1:58:06

Prominent University of Texas biologist, Dr. Eric Pianka, while receiving an award from the Texas Academy of Science...

1:58:13

...said that the worldwide AIDS pandemic was "No good. It's too slow."

1:58:20

...and went on to laud the virtues of Ebola, because it would kill 90% of the world population quickly.

1:58:27

When his statements erupted into a national controversy, his graduate students defended him...

1:58:33

...stating that Pianca was too conservative, and that all humans should be killed.

1:58:40

But most frightening was the fact that in a crowd of over 1000 prominent scientists...

1:58:45

...local newspapers reported that 95% of those in attendance gave Pianca sustained standing ovations every time he extolled the virtues of mass-killing microbes, and Man's destruction.

1:59:07

China was able to turn the corner  
And become the leading world super power  
Because they have a police state and they  
Are able to force people to stop reproducing.  
-Dr Eric R. Pianca

1:59:19

The Eugenics movement has now shaken off much of its Nazi baggage...

1:59:24

...and is using peoples' legitimate concern about the environment as a cloak to conceal their real agenda.

1:59:34

Everyone wants to breathe clean air, and have good water...

1:59:37

...but the controllers of the environmental movement have done nothing but co-opt peoples' concerns...

1:59:42

...and parlay it into support for global policies that further destabilize the Third World and create untold misery.

1:59:55

Phony environmental and conservation groups are now the biggest private landowners in the world.

2:00:00

They lobby government to take land away from local populations...

2:00:05

...only to develop it themselves later.

2:00:09

When the US military dumps millions of gallons of nerve gas on the East Coast of the US, they don't say a word.

2:00:17

Thousands of companies are creating Trans genetic species hybrids...

2:00:21

...splicing plants, animals, and insects - and releasing the new organisms into the global biosphere.

2:00:27

...vandalizing the very genetic code of the planet.

2:00:31

...And large environmental organizations do nothing.

2:00:37

The corporate elite of the planet intensify their push for a global taxation system.

2:00:44

With a year-long buildup to the Live Earth hysteria held on July 7, 2007 on seven continents.

2:00:52

World leaders announced that saving the Earth was the new organizing principle for humanity,

2:00:57

...and hailed it as the planet's new religion.

2:01:03

They claim that CO<sub>2</sub>, which plants breathe, was killing the Earth, and that we must reduce...

2:01:10

...the number of children we have to curtail our "carbon footprint".

2:01:15

Countries across the world mark the day by passing new Carbon Tax schemes, and raising taxes on gasoline...

2:01:23

...natural gas, and electricity.

2:01:28

It is a scientific fact that the sun is the main driver of planetary climate.

2:01:34

...And the measurements are clear: the sun is becoming hotter, brighter.

2:01:40

It has been slowly increasing thermal output in the last 100 years.

2:01:45

...Causing warming, not just here on Earth, but throughout the solar system.

2:01:53

But the scientific facts, and even the order of the planets, didn't matter to one of the chief organizers of Live Earth:

2:02:01

David Mayer DeRothschild.

2:02:03

Heir to the British arm of the Rothschild fortune.

2:02:05

When we spoke to him...when I called David on the order of the planets, he just laughed, thinking the audience wouldn't get it.

2:02:14

He continued to count on the population's ignorance.

2:02:18

...and claimed the global warming lobby has nothing to do with carbon taxes.

2:02:23

I guess he hadn't spoken with his good personal friend, Al Gore.

2:02:29

Global warming: the time for debate is over.

2:02:31

I think that what you have to realize is that being environmentally sensitive and making money aren't mutually exclusive.

2:02:38

There's a lot of money to be made in, in, in, in, in addressing this issue.

2:02:42

(Alex Jones): But you guys are gobbling up all the world's concern to just simply line your pockets,

2:02:46

...make kids read your book in schools, and do all this. It's a business, just like you said, Rothschild.

2:02:51

That's not. It's... do you think I'm making any money out of this?

2:02:54

It's the same thing..It's the same thing your great,great,great, - your money changing ancestors did...  
Do you think I made money?

2:03:01

...there in Germany, Red Shield! I'm calling you out, Red Shield! We know it's a scam.

2:03:06

...A pollution-based tax system, principally CO2.

2:03:09

We're causing it mainly. The vast majority of it. The consequences are bad, and will be catastrophic unless we act.

2:03:16

...The polar ice caps of Mars are receding at several miles per year... much faster than ours.

2:03:24

...and that the moons of Saturn and Jupiter are melting.

2:03:29

In fact, several of their moons were ice, and are now liquid seas.

2:03:32

Now, how are SUV's [sports utility vehicles] causing that, David Rothschild?

2:03:37

That's because those planets are closer to the sun, my friend! Hahahaha.

2:03:43

No, Jupiter and Saturn are not closer to the sun. Neither is Mars.

2:03:46

Look, I think you'll find, right? ...that the simple matter and what I want to send- and this is my final point-

2:03:51

Forget your taxation theory, because actually it's not taxation.

2:03:56

Put a price on the carbon. A tax is the best way. Cap-and-trade can also do it.

2:04:01

If there were a carbon-based tax, would there be a need for an economy-wide cap-and-trade system?

2:04:12

They are not “either/or”. We can do both. I am in favor of both.

2:04:23

The architects of a New World Order are in a race to complete the structure of world government...

2:04:28

...so they can suppress the independent development of technologies that threaten their monopoly of power...

2:04:35

...while at the same time steering new developments in the direction the architects chart for humanity.

2:04:44

The technocrats call their governing system “The Final Revolution” because in the past...

2:04:49

...empires were enforced militarily.

2:04:51

Now enforcement is primarily psychological and economic...

2:04:55

...and society itself is a construct of the elite, who operate outside the controlled paradigm.

2:05:01

...and control the civilization from within...

2:05:05

...just as a child maintains the environment of a fish tank.

2:05:08

We are like lab rats, living out our entire existence, never questioning the confines of the cage...

2:05:13

...or the scientists who experiment on us.

2:05:18

New World Order engineers have hijacked human destiny.

2:05:22

It's controllers have closely studied human behavior for more than 100 years...

2:05:26

...and are now steering us with expert control, using our primitive drives and desires as levers.

2:05:32

They have developed their mind-control systems to the point of being able to control the average unconscious person like a car.

2:05:43

By 2020, there will be a one world government.

-Ray Kurzweil  
1999

2:05:52

Eugenics dominated the 20<sup>th</sup> century.

2:05:54

Its ruthless spirit has now metastasized into the fields of genetics, nanotech, and robotics.

2:06:02

But that's not surprising.

2:06:04

From their inception, all three disciplines have been dominated by eugenicists.

2:06:11

The billionaire founder of Sun Microsystems, Bill Joy, courageously went public in 2000.

2:06:18

To warn of a cancerous consensus among the technocratic elite, that at best humanity would be completely enslaved by the year 2030...

2:06:26

...and at worst: mass extermination of everyone but the Elite would take place.

2:06:32

A who's who of the techno-Elite are what is known as the trans-humanist, or post-humanist movement.

2:06:42

Many of its adherents see only the beneficial aspects of technology's exponential rise.

2:06:47

...like bringing sight to the blind, sound to the deaf, and longer life for all.

2:06:57

But what many of them don't know is that master-eugenicist Julian Huxley founded trans-humanism...

2:07:03

...and that society's controllers openly admit that the new system is designed to progress into absolute tyranny.

2:07:15

Leading trans-humanist Ray Kurzweil boasts that technological advancements will allow those that can afford it...

2:07:22

...to live forever, but admits that most won't be able to keep up with the new master race.

2:07:30

The drive for world government is now all about who will control and have access to radical life-extension systems.

2:07:40

Biological evolution is too slow for the  
Human species. Over the next few decades,  
It's going to be left in the dust.

Ray Kurzweil

2:07:51

Trans-humanists believe they will attain the Fountain of Youth, by merging with technology.

2:07:57

Now it may be within their reach.

2:08:03

Decades ago, trans-humanists said that if you did not accept augmentation or enhancements...

2:08:07

...you would no longer be able to get jobs.

2:08:11

...And now it's happening today.

2:08:17

The elite who occupy the commanding heights  
Of digital reality are suicidal nihilists.

Suicidal nihilists know that there is no longer any  
Substantive purpose to their willing.  
But they would always prefer to go on willing  
Than not to act at all.

They can very happily ally themselves with a notion  
Of nuclear holocaust of perfect determinism.

-Arthur Kroker

2:08:38

Technology has become so powerful in its capacity for destruction...

2:08:42

...that free humanity cannot afford to let psychopathic technocrats with delusions of grandeur...

2:08:48

...repeat the mistakes of their forerunners, because it is highly probable that this time...

2:08:54

...they may destroy everything, including themselves, in their mad rush for Godhood.

2:09:04

In this film, we have chronicled the overlords' bloody orgy of experimentation...

2:09:09

...which has already taken the lives of over 150 million people in the 20<sup>th</sup> century.

2:09:17

And now, they are promising to deliver on invincible tyranny that will dwarf their past exploits.

2:09:26

In the days of World War II, there were sovereign nations and armies to stand against Hitler's "Final Solution".

2:09:37

Once world government is in place, no one will be able to stop the New World Order's plans...

2:09:44

...for global population reduction.

2:09:47

For those immune to psychological programming, hundreds of FEMA camps have already been built throughout the United States.

2:09:52

In their quest for population reduction, no method is off the table.

2:09:57

These dark builders intend to release a string of manmade bioweapons plagues.

2:10:02

...each one worse than the last....

2:10:05

...while at the same time, expanding the police state, to enforce an orderly extermination of the population...

2:10:11

...all in the name of fighting invisible terrorists.

2:10:17

And the Georgia Guidstones stand today as a cold testament...

2:10:22

...to the Elites' sacred mission...

2:10:28

... to have a two-class system, where the Underclass are forced to live as slaves...

2:10:32

in tiny, enclosed cities...

2:10:35

While the Elite enjoy the land of the Earth, evolve into superhumans with the aid of advanced, implantable technologies...

2:10:43

...live eternal lives, and travel throughout the cosmos.

2:10:48

This is THE PROMISE...

2:10:49

...given to the inner members of the New World Order...

2:10:53

...and the agenda of the Builderburg Group.

2:11:21

In 2007, Jim Tucker continued his 30 year quest...

2:11:26

...to expose the Globalists by traveling to Istanbul, Turkey...

2:11:30

...the site of Builderburg 2007.

2:11:41

(Alex): *Jim Tucker! Thank you for coming on, my friend..*

2:11:44

(Jim): It's always fun...

2:11:45

Jim, tell us what you saw today, when you were out at the Ritz hotel.

2:11:52

We were at the Ritz Carlton.. It looked like a typical Builderburg scenerio...

2:11:57

It had the armed guards all around the place..

2:11:58

They had platoons of cops in formation, waiting for the (?? Couldn't hear??)

2:12:05

They also had cops all the way around the building...

2:12:08

...and they had all the high-tech things where every member can hear whatever is spoken in any language.

2:12:14

...instantly translated to his own language.

2:12:18

...so they can keep up with it.

2:12:40

(muffled)

2:12:57

Is the hotel open?

2:13:00

(conferring in Turkish)

2:13:06

Let's just ask him direct...

2:13:17

Is Builderburg meeting here this weekend?

2:13:20

Your camera is... away...

2:13:24

We had my two personal cops following me today...

2:13:28

I was not aware of it, 'cause my nose is always sticking to the camera...

2:13:30

And my jaw's always flapping!...

2:13:34

...but the t.v. crew said "Those guys are going to follow you."

2:13:42

And their car followed us out to the hotel...

2:13:47

Then they identified the two cops in plainclothes...

2:13:50

...not business suits, but sports shirts and such..

2:13:57

That's the car that's been on our ass...

2:14:01

You want to photograph him? ...You are, aren't you?

2:14:08

Well, they're likely Builderburg boys.

2:14:16

John Elkin, owner of FIAT, and a fellow Builderburger thought they could take a stroll off the grounds, without being noticed by the commoners...

2:14:33

This Builderburg attendee sneered at our camera.

2:14:40

This carload of kingpins gave the media a murderous look...

2:14:45

...and seemed shocked that they would dare point a camera in their direction.

2:15:06

In 2007, the Builderburg Group received the heaviest global coverage in its history.

2:15:14

Jim Tucker witnessed press conferences attended by hundreds of members of the media...

2:15:16

and a new generation of Infowarriors...

2:15:20

...like reporter Paul (Gornande?) of Romania, are tracking the Elite no matter where they hide.

2:15:28

(spoken in Romanian)

2:15:31

Now Jim, my Governor, Rick Perry.. It's in the front of the Dallas Morning News...

2:15:36

...the headline reads: "Texas Governor Rick Perry to Attend Builderburg"...

2:15:41

What does it mean to have the Governor of Texas, in the Dallas Morning News, just admitting that he's

2:15:45

...going to Builderburg Group?

2:15:48

That means he's a potential President.

2:15:51

...Even as the obscure Governor of Arkansas, Bill Clinton...

2:15:54

...lost his virginity to the Builderburg meeting in Baden-Baden, Germany in 1991...

2:15:59

...then he's elected President the following year!

2:16:02

Now, if he goes nowhere, in the run for the White House in the years ahead...

2:16:07

...they'll drop him like an old shoe...

2:16:10

They do that often.

2:16:11

But... officially, Builderburg considers Gov. Rick Perry a potential President of the United States.

2:16:20

Yes, it's a violation of the Logan Act...

2:16:23

...for which Bill Clinton's White House was fined \$300,000...

2:16:29

...which means the taxpayers paid it.

2:16:34

When Perry returned to Texas from Istanbul, we were determined to hold him accountable...

2:16:39

...for his treasonous actions.

2:17:03

(Alex on bullhorn): We don't want our roads, our water, our power plants, our entire infrastructure...

2:17:08

...turned over to the New World Order!

2:17:11

And we tell you now: the People are rising up, and they're learning what you're doing, and they're angry!

2:17:17

And they're tired of it!

2:17:20

Stop enslaving us! Stop setting up tyranny! Stop going along with the New World Order plan!

2:17:24

If you've got any soul left, Rick Perry!

2:17:30

The First Amendment still exists, Perry!

2:17:32

We're back here again tonight.

2:17:34

...telling you we're not going to put up with it!

2:17:37

Long live the Republic!

2:17:39

We shall prevail!!

2:17:41

DEATH TO THE NEW WORLD ORDER!!!
